

## **New Century and Regents' Scholarships Annual Report Education Interim Committee October 2013**

### **Overview of Scholarships**

The Utah State Board of Regents administers two scholarship programs established by the Legislature: the New Century Scholarship and Regents' Scholarship.

### **New Century Scholarship**

The New Century Scholarship was created in 1999 as a Governor's initiative to encourage students to accelerate their education by earning an associate's degree in high school or by pursuing the Math and Science Curriculum. Students qualify by earning an associate's degree at a Utah System of Higher Education institution with a 3.0 GPA by the date they graduate from a Utah high school with a minimum 3.5 cumulative grade point average. Students who are home schooled or complete high school through an on-line institution must take the ACT exam by June 15 of the year their peer group graduates from high school with a minimum score 26. The New Century Scholarship Award is a flat dollar amount and the maximum amount a recipient may receive is \$1250 per semester, renewable for up to 60 credits or four semesters (whichever is first). The scholarship may be used at a four-year public college or university within the Utah System of Higher Education, as well as at Brigham Young University and Westminster College.

### **Regents' Scholarship**

The Regents' Scholarship was created to encourage Utah high school students to prepare for college academically and financially. It was established by the Utah Legislature in 2008 (sponsored by Senator Lyle Hillyard) and requires completion of defined courses of study during grades 9-12 and saving for college.

- The Base Award is a one-time payment of up to \$1,000 for students who complete a core course of study, meet a minimum GPA, minimum grades on specific courses, and ACT requirements.
- Students qualify for the Exemplary Achievement Award by having no grade lower than a "B" in the required classes, at least a 3.5 cumulative GPA, and a composite ACT score of 26. The Exemplary Award is a flat dollar amount and the maximum amount a recipient may receive is \$1250 per semester, renewable for up to 65 credits or four semesters (whichever is first).
- The Utah Educational Savings Plan (UESP) Supplemental Award is available for students who earn the Base Award and who have contributed to a UESP account during ages 14-17 (a maximum of \$100 per year for each \$100 contributed to their account).
- The scholarship may be used at any public college or university in the Utah System of Higher Education, as well as at Brigham Young University, LDS Business College and Westminster College.

## Administration of the Scholarships

Administering these two scholarships is labor intensive requiring significant oversight and review of specific courses and grades received on scholarship applications. In August of 2013 a new scholarship unit was launched with a specific focus on improving quality and customer service. Six employees are involved in administering the two programs including overseeing the policies, communications, review process, school relations and educational outreach, with a portion of the costs paid out of the scholarship appropriation.

## Funding for 2013-14 College Academic Year

Although additional one-time dollars were allocated for these two scholarship programs for FY 14 it was not enough to fully fund recipients qualifying for the New Century Scholarship and Regents' Scholarship, Exemplary Academic Achievement award for the 2013-14 college academic year. The award was reduced from \$1250 per semester to \$1,100 per semester. Although, the Regents' Scholarship Base on-time award of \$1000 and the UESP match were fully funded.

Since 2010 as required by law, all materials and communications to prospective applicants and recipients state the awards amounts are determined on an annual basis and are subject to legislative funding and the total number of qualified participants. Further, it is communicated that award amounts may be reduced, may vary from year to year, and are dependent on when the recipient is enrolled in college.

## Legislative Changes

During the 2013 Legislative Session, changes were made to both the New Century and Regents' Scholarship programs to align with the Board of Regents Completion Initiatives. As of Fall semester 2013 all students participating in these programs are required to enroll in and successfully complete 15 credits earn a 3.3 semester GPA each semester in order to retain eligibility.

## Look Ahead

It is estimated that \$6,000,000 in new money will be necessary to fully fund new 2014 awardees and those continuing recipients with remaining eligibility. In 2013 new applications for the Regents' Scholarship grew by 30% and qualified recipients increased by 45% over 2012. New Century's applications remained flat and recipients decreased by 20%. The budget estimate is based on the number of students with remaining eligibility from 2010-13, deferral and leave of absence return dates, and expected new student recipient growth for the 2014 cycle based on 2013 growth. Budget estimates will be updated in February 2014 taking into account applications for the new year which are due February 3, 2014.

## Conclusion

The Utah State Board of Regents appreciates the on-going legislative support of scholarships that encourage students to make good use of all four years of high school and better prepare for college and career. The Regents' and New Century Scholarships are provided in cooperation with the state's **Step Up** to Higher Education efforts. The StepUp campaign is a social awareness campaign, paid for, and made possible, by a grant from the U.S. Department of Education (the College Access Challenge Grant). The

campaign encourages all Utah youth to dream big about their futures, and then act on those dreams by preparing for and completing college. StepUp provides tips, tools, resources on preparing and paying for college so that obtaining higher education can be a reality for all Utahns. The Board endorses such programs that support the statewide goal for 66% of Utahns to hold a postsecondary degree or certificate by the year 2020.
