

I move to recommend the transfer of any unencumbered funds in Fund 8020, Finance Suspense Fund to the Capital Projects Fund for capital improvement projects in Fiscal Year 2015.

The Legislature intends that the Division of Finance research the funds in Fund 8020, Finance Suspense Fund and determine which funds, if any, are unencumbered and which funds are legally obligated. The Legislature furthermore intends that upon this determination, the Division of Finance transfer the funds accordingly to lawful recipient entities.

I move to recommend for inclusion in the appropriations process funds (a.) through (g.), as listed under number (2.), page 1 of the "Off Budget Funds" Issue Brief dated February 1, 2014. These funds will be included as informational items only.
