Amends provisions of the Autism Treatment Account to update terminology used for autism treatment options. Amends the uses of the account to: 1) focus on evaluation and treatment of children between the ages of two to six years old with autism spectrum disorders; 2) work with telehealth services to reach children in rural and underserved areas of the state; and 3) create a mechanism to identify children qualified for services, provide and pay for services for children, and evaluate effectiveness of treatments.

HB 88 (2014 GS) Requires the Department of Health to establish, through a Medicaid waiver, an ongoing program for the treatment of qualified children with autism spectrum disorder. Requires the Public Employee Insurance and Benefit Program to establish an ongoing program for the treatment of qualified children with autism spectrum disorder.
