

Motion: Representative Ray

I move to direct Social Services Appropriations Subcommittee staff to create a letter, to be signed by the chairs, on behalf of the subcommittee requesting the Audit Subcommittee approve an audit by the Office of the Legislative Auditor General of the Utah State Office of Rehabilitation (USOR) to determine the extent and nature of: 1) the USOR FY 2015 shortfall between ongoing expenditures and ongoing revenue, 2) an assessment of support and oversight of USOR by the Utah State Office of Education and the Utah State Board of Education, and 3) recommendations regarding future placement of USOR within the states' organization to improve support and oversight for USOR and its subunits.
