STATE BUILDING BOARD PROCESS

Agenda
Item #4

BUILDING BOARD'S CERTIFICATION OF OTHER FUNDING

- Intent language that required the Building Board to certify other funding for six capital projects this year
- Process
 - Defined certification
 - Brought definition before the Board
 - Certified other funding based on the definition created
- Building Board recommends that the Legislature consider statutory language instead of intent language

BUILDING BOARD ACTIONS ON SB 217 (2015)

- Establish standards and requirements for capital development project requests, including a requirement for a feasibility study
- Establish standards and requirements for reporting operations and maintenance expenditures (including metering) for state-owned facilities **(in progress)**
- Conduct ongoing facilities maintenance audits for state-owned facilities
- Prepare a report that proposes:
 - A process for tracking O&M at an individual building level **(in progress)**
 - Alternative funding mechanisms for O&M **(in progress)**
