Governor's Office Annual Report on Off-Budget Funds

“Off-budget” funds are accounts that are not included in the appropriations process. In 2013, the Legislative Fiscal Analyst (LFA) completed a review of these funds and made recommendations to improve transparency and management of these funds. The EOCJ subcommittee adopted these recommendations, which in many cases involved annual reporting on fund status to the subcommittee. This report provides a follow-up to off-budget funds within the Governor's Office, provided by the office.
