

# USHE TUITION AND FEES

HIGHER EDUCATION  
STAFF: SPENCER PRATT

## ISSUE BRIEF

### **SUMMARY**

Tuition is becoming a more significant portion of higher education funding each year. Tuition is used to pay for a portion of any compensation increase approved by the Legislature. In addition, tuition may be used for specific institutional needs.

### **OBJECTIVE**

To provide comparative information of tuition levels and historical tuition increases.

### **DISCUSSION AND ANALYSIS**

With the exception of 1996-97, tuition rates have increased annually for the past 20 years. The first-tier tuition rate increase is approved at the same level for all institutions following the final legislative budget approval and is traditionally used for the institution's share of the cost of any compensation increases approved by the Legislature. Compensation increases have been approved by the Legislature for the past four years. A portion of the 1% compensation increase approved for FY 2013, was funded through an increase in first tier tuition of 4.5%. The compensation increase in FY 2014 was also 1%, and the tuition increase was 5%. For FY 2015, the approved compensation increase was 1.25% and the first-tier tuition increase was 4%. For FY 2016, the approved compensation increase was 2.00% and the first-tier tuition increase was 3.0%. Prior to these four years, from FY 2010 through FY 2012, no compensation increases were approved, but first tier tuition increased. In FY 2012, the first-tier tuition increase was 5%, and was used to help cover additional insurance costs. For FY 2011, first-tier tuition was increased by 1.5% to help cover additional employee insurance and retirement costs. First-tier tuition was increased by 1% in FY 2010 to replace \$1.9 million in UCOPE funding which was transferred to the Regents' Scholarship (\$1,636,200) and Articulation Support (\$263,800).

Several years ago, the State Board of Regents began approving second-tier tuition, which is used for additional funding requests from each institutional President, with the approval of the institutional Board of Trustees to meet specific institutional needs. Second-tier tuition rate increases may apply to all programs equally or they may be different for specific programs. (R 510-3.2). The sum of the first-tier tuition increase and the second-tier tuition increase result in the total tuition increase paid by the students.

Since 1999-2000, annual first-tier tuition increases have been between 1 and 5.5 percent. Second-tier tuition increases vary from institution to institution and have been as low as no increase to as high as 27 percent.

The following two tables show resident and non-resident tuition rates since FY 2000. The tables show when and by how much first and second-tier tuition increases were approved. The next series of tables show a comparison of tuition and fees charged by the USHE institutions with similar institutions in the WICHE states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, North Dakota, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington, and Wyoming). The tuition rates are further compared with just the Rocky Mountain states (Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, and Wyoming). Following each institution's WICHE and Rocky Mountain comparison, is a comparison with similar institutions across the country that the State Board of Regents has identified and adopted as Peer Institutions.

Tuition rates at the University of Utah and Utah State University are compared with other four-year doctorate degree-granting institutions. Rates at Weber State University, Southern Utah University, Utah Valley University, and

Dixie State University are compared to other four-year institutions with Masters Degree programs. The tuition rates at Snow College, USU - College of Eastern Utah, and Salt Lake Community College are compared to other community colleges.

Tuition and fees at the University of Utah are at a level approximately 71 percent of the average of the WICHE states, at 87 percent of the average of the Rocky Mountain states, and 70 percent of the University's peer institutions.

Tuition and fees at Utah State University are approximately 82-83 percent of the averages of WICHE, Rocky Mountain states, and its peer institutions. (Note: Tuition comparisons with WICHE and Rocky Mountain states include USU's tuition for 15 credit hours; the comparisons with peer institutions include USU's tuition for 12 credit hours. While this difference in credit hours occurs in each comparison, only USU's tuition differs between 12 and 15 credit hours).

Weber State University's tuition levels are at 76 percent of the WICHE average, 78 percent of the Rocky Mountain average of similar institutions, and 70 percent of the peer institutions.

Tuition rates at Southern Utah University are 95 percent of the WICHE average, 110 percent of the Rocky Mountain average, and 78 percent of the University's peer institutions.

The tuition rates at Utah Valley University are 77 percent of the WICHE average, 78 percent of the Rocky Mountain average, and 73 percent of those at its peer institutions.

Dixie State College's tuition rates are 69 percent of the WICHE average, 73 percent of the Rocky Mountain average, and 68 percent of its peer institutions.

Tuition rates at Snow College are at 133 percent of the WICHE average, 124 percent of the Rocky Mountain average, and 95 percent of its peer institutions. Tuition rates at the Utah State University - College of Eastern Utah are at 133 percent of the WICHE average and 125 percent of the Rocky Mountain average. Salt Lake Community College's tuition levels are at 136 percent of the WICHE average, 127 percent of the Rocky Mountain average, and 103 percent of the average of its peer institutions.
