

# Request for Appropriation

## USU Assistive Technology Satellite Lab - Uintah Basin

*Rep. Edward Redd*

Set up an assistive technology lab at the USU Roosevelt Campus to serve needs of people with disabilities in the Uintah basin region. Funding for lab equipment will be paid for with private grant money. USU Roosevelt campus has provided the building space that is ADA compliant. This ongoing appropriation request, if funded, will provide salary and benefits for one FTE to run the lab. Participants in the lab will include STEM interns, engineering students, and other students involved in course work that includes disability subject matter.

### Statewide Public Purpose

Improve education and training related to assistive technology in institutions of higher education, and increase access to affordable assistive technology for people with disabilities in rural areas of Utah.

### Financing

Financing Source	2016 One-time	2017 One-time	2017 Ongoing
Education Fund*	\$0	\$0	\$100,000

*The sponsor has requested that funding from sources marked with an asterisk not lapse.*
