FY2017 Request for Bonding Authorization for Capital Projects

# THE PROJECT

Additional space up to a maximum of 37,500 GSF for Phase 2 of the Space Dynamics Laboratory facility located on the Innovation Campus at a cost not to exceed \$12 million.

Phase 2 includes new space for offices, electronics and computer testing laboratories, computer server rooms, conference rooms, and a marketing board room.

# THE PROJECT

No funds will be requested from the State for operations and maintenance.

Project funded with proceeds from bonds issued under USU's existing Research Revenue System and will be repaid with funds generated from recovered research overhead.
