

Request for Appropriation

Business Cycle Management

Rep. Brad Wilson

Utah is pioneering longer-term approaches to state budget planning and management. \$120,000 of this requested funding is for one FTE employee in the Governor’s Office of Management and Budget to support revenue trend analysis, volatility based rainy day fund deposit rules, and budget stress testing. \$15,000 of the request would go to the Legislative Fiscal Analyst to purchase consulting services and economic scenarios used by commercial banks to stress test their portfolios.
