

## UPDATE – Evaluation Committee Membership

At the July 13, 2016 meeting of the Point of the Mountain Development Commission, the Commission passed a motion to create an evaluation committee to evaluate proposals submitted in response to the Commission's RFP and appointed commission members to that evaluation committee. Following the meeting, concerns arose regarding possible conflicts that some evaluation committee members might have or appear to have with potential responders.

During the July 13 meeting, the Commission also passed a motion to allow the chairs to take any administrative action on behalf of the Commission that becomes necessary during the RFP process in order to move the process along. Acting under this authority, the chairs have reconstituted the membership of the evaluation committee and have appointed the following as members:

- Christopher M. Conabee, Commission co-chair;
- The Honorable Gregory S. Bell, former state senator and lieutenant governor;
- Jeffrey W. Steagall, Ph.D. (Economics), Dean of the Goddard School of Business and Economics, Weber State University;
- Patrick Putt, Community Development Director, Summit County;
- Troy Walker (Commission member), Mayor of Draper City; and
- Jeremy Macdonald, Site Ops Manager, Adobe Systems.

Christopher M. Conabee was appointed as chair of the evaluation committee.
