

Business, Economic Development and Labor Motions Sheet 2/13/2017

Avenue H Funding

I move to eliminate \$750,000 in ongoing funding for Avenue H in FY 2018 and replacing it one-time with a transfer from Commerce Service Fund Balances. The program is being phased out beginning in FY 2019.

Rural Hospital Funds

I move to reduce the Rural Health Care Facilities transfer by \$336,200 in ongoing funding from the General Fund in FY 2018. This program lapses back this amount each year due to a lower need than is statutorily authorized.

Manufacturer's Extension Partnership

I move to reduce funding for the MEP program by \$100,000 beginning in FY 2018 leaving a balance of \$1 million in the program.

USTAR Grants

I move to reduce the amount available for grants from The Utah Science Technology and Research initiative by \$530,000 in ongoing funding from the General Fund in FY 2018.

Commerce Service Fund Balances

I move to utilize \$2,050,000 million in Commerce Service Fund balances to fund committee priorities.
