Agriculture - Marketing and Development

Marketing/Utah's Own

1239.	Utah's Own Supporter	1,000.00
	<p>Utah's Own is a marketing program to encourage consumers to purchase local agriculture and food products to sustain the industry and grow the economy. As the buy local movement has grown, national chains and large corporations are trying to take part in the local movement. The Utah's Own program would like to create a "Utah's Own Supporter" category within the program which required paying a \$1,000 fee. The "Supporter" will target the large successful Utah's Own members and those companies that do not qualify for membership but want to be associated with supporting local agriculture and food. The program hopes to raise about \$20,000 and reduce its building block by the same amount. The funds raised through the new fee will be used in marketing and a marketing grant program for Utah's Own member.</p>	
1240.	Utah's Own Year One Membership	25.00
	<p>Since the inception of Utah's Own the program membership has been free. The purpose was to provide Utah consumers the largest pool of companies to find local agriculture and food products. At the request of the legislature, a membership fee has been requested for member companies to participate in the program. A first year membership fee will cover membership for a company's first year in the program. This will allow for first year members and startups to experience the benefits of the program without seeing a significant financial burden. This will also give the Utah's Own program the ability to provide value over the first year before a higher membership fee kicks in.</p>	
1241.	Utah's Own Annual Membership	50.00
	<p>After the first year of membership in the Utah's Own program, the annual membership dues will be increased to \$50 for each proceeding year. This fee will be used to support the marketing campaigns, website maintenance, commercial production, and sponsorships that encourage consumers to purchase local agriculture and food products. This fee will not be utilized the first year of implementation.</p>

1. Fee Change to the Office of Energy Development

	Old Fee	New Fee	Revenue

2. Intent Language Recommendation for the Constitutional Defense Council in the Governor’s Office under the Executive Offices and Criminal Justice Subcommittee

The following intent language is recommended conditional on the approval of funding for Representative Michael Noel’s Request for Proposal of \$400,000 to the Constitutional Defense Counsel titled Foundation for Integrated Resource Management.

1. The Legislature intends that the \$150,000 appropriation be used to support the Foundation for Integrated Resource Management's efforts to advocate for the State of Utah's rights to use and access federal public lands for multiple use and sustained yield.
2. The Legislature intends that the \$100,000 appropriation for Rural Utah Alliance to continue to defend and protect rural counties' interests by providing legal assistance to counties and county officials when faced with public (federal) land use, access and ownership legal issues. This appropriation may not be used for criminal defense, past or future.
3. The Legislature intends that the \$150,000 appropriation be used as a grant program to support rural Utah counties and initiatives challenging federal restrictions and actions, that prohibit or harm resource use, access and development on public (federal) lands.
4. The Legislature intends that the Public Lands Policy Coordinating Office utilize existing funds to acquire a Sports Utility Vehicle to be utilized by attorneys and support staff located in Southern Utah.
