Re: Proposed Awards from Homeless to Housing Account

**Awards for Consideration**

On August 8, 2017, the SHCC met and voted to approve the following award for consideration to the EAC. HCD has concurred with the award at the following levels:

Shelter the Homeless - \$ 6,593,020 (\$4.46 Million site acquisition, \$2,133,020 for architectural design)

This is for land acquisition and architectural/design costs related to the construction of the three new resource centers scheduled for Salt Lake County. This will specifically allow for the purchase of the site on 131 E 700 South and architectural costs to design the three centers. See attached timeline for scheduled implementation of steps to meet legislative intent to close the downtown shelter by June 30, 2019.
