

USHE TUITION AND FEES

HIGHER EDUCATION
STAFF: SPENCER PRATT

ISSUE BRIEF

SUMMARY

Tuition is becoming a more significant portion of higher education funding each year. Tuition is used to pay for a portion of any compensation increase approved by the Legislature. In addition, tuition may be used for specific institutional needs.

OBJECTIVE

To provide comparative information of tuition levels and historical tuition increases.

DISCUSSION AND ANALYSIS

Tuition rates have increased annually for the past 20 years. Utah State Board of Regents Policy (R510-3.1) states, "A first tier of tuition rate increases shall be uniform for all institutions, shall be implemented at the same time, and shall be based on evaluations of current data on inflation and national and regional tuition increases and justified by specific increasing needs in the Utah System of Higher Education." The first-tier tuition rate increase is approved following the final legislative budget approval and is traditionally used for the institution's share of the cost of any compensation increases approved by the Legislature as well as internal service fund rate increases, and specific needs in the System.

Compensation increases have been approved by the Legislature for the past four years. A portion of the 1% compensation increase approved for FY 2013, was funded through an increase in first tier tuition of 4.5%. The compensation increase in FY 2014 was also 1%, and the tuition increase was 5%. For FY 2015, the approved compensation increase was 1.25% and the first-tier tuition increase was 4%. For FY 2016, the approved compensation increase was 2.00% and the first-tier tuition increase was 3.0%. For FY 2017, the approved compensation increase was 2.00% and the first-tier tuition increase was 3.5%. In its April 2017 Board Meeting, the State Board of Regents approved a first-tier tuition increase of 2.5% for FY 2018 which helped fund the compensation increase of 2.00%. (Second-tier tuition increases for FY 2018 were approved for the University of Utah (1.4%), Utah State University (2.5%), Weber State University (1.0%), and Dixie State University (2.5%)). From FY 2010 through FY 2012, no compensation increases were approved, but first tier tuition increased. In FY 2010, to replace \$1.9 million in UCOPE funding which was transferred to the Regents' Scholarship (\$1,636,200) and Articulation Support (\$263,800), first-tier tuition was increased by 1%. For FY 2011, first-tier tuition was increased by 1.5% to help cover additional employee insurance and retirement costs, and in FY 2012, the first-tier tuition increase was 5%, and was used to help cover additional insurance costs.

Several years ago, the State Board of Regents began approving second-tier tuition, which is used for additional funding requests from each institutional President, with the approval of the institutional Board of Trustees to meet specific institutional needs. Second-tier tuition rate increases may apply to all programs equally or they may be different for specific programs. (R 510-3.2). The sum of the first-tier tuition increase and the second-tier tuition increase results in the total tuition increase paid by the students.

Since 1999-2000, annual first-tier tuition increases have been between 1 and 5.5 percent. Second-tier tuition increases vary from institution to institution and have been as low as no increase to as high as 27 percent.

The following two tables show resident and non-resident tuition rates since FY 2005. The tables show when and by how much first and second-tier tuition increases were approved. The next two tables show the history of student

fees and the breakout of fees at each institution for FY 2018. The next series of tables show a comparison of tuition and fees charged by the USHE institutions with similar institutions in the WICHE states (Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, North Dakota, Nevada, New Mexico, Oregon, South Dakota, Utah, Washington, and Wyoming). The tuition rates are further compared with just the Rocky Mountain states (Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, and Wyoming). Following each institution's WICHE and Rocky Mountain comparison, is a comparison with similar institutions across the country that the State Board of Regents has identified and adopted as Peer Institutions.

Tuition rates at the University of Utah and Utah State University are compared with other four-year doctoral degree-granting institutions. Rates at Weber State University, Southern Utah University, Utah Valley University, and Dixie State University are compared to other four-year institutions with Master's Degree programs. The tuition rates at Snow College, USU - Eastern, and Salt Lake Community College are compared to other community colleges.

Tuition and fees at the University of Utah are at a level approximately 74 percent of the average of the WICHE states, 87 percent of the average of the Rocky Mountain states, and 72 percent of the University's peer institutions.

Tuition and fees at Utah State University are approximately 82 percent of the averages of WICHE and Rocky Mountain states, and 85 percent of its peer institutions. (Note: Tuition comparisons with WICHE and Rocky Mountain states include USU's tuition for 15 credit hours; the comparisons with peer institutions include USU's tuition for 12 credit hours. While this difference in credit hours occurs in each comparison, only USU's tuition differs between 12 and 15 credit hours).

Weber State University's tuition levels are at 77 percent of the WICHE average, 79 percent of the Rocky Mountain average of similar institutions, and 72 percent of the peer institutions.

Tuition rates at Southern Utah University are 97 percent of the WICHE average, 106 percent of the Rocky Mountain average, and 78 percent of the University's peer institutions.

The tuition rates at Utah Valley University are 77 percent of the WICHE average, 78 percent of the Rocky Mountain average, and 74 percent of those at its peer institutions.

Dixie State University's tuition rates are 68 percent of the WICHE average, 70 percent of the Rocky Mountain average, and 65 percent of its peer institutions.

Tuition rates at Snow College are at 133 percent of the WICHE average, 119 percent of the Rocky Mountain average, and 93 percent of its peer institutions. Tuition rates at the Utah State University - Eastern are at 135 percent of the WICHE average and 121 percent of the Rocky Mountain average. Salt Lake Community College's tuition levels are at 137 percent of the WICHE average, 122 percent of the Rocky Mountain average, and 99 percent of the average of its peer institutions.
