				Industrial Maintenance Technician	960	AAS Degree - General Technology <i>Emphasis in Business or Industrial Technology</i>
						30

Note: This is a regional agreement. Some classes may not be available in your particular high school. See your individual school for specific program offerings. Requirements may change from year-to-year. It is your responsibility to verify information by consulting with a TATC department advisor.
 *Acceptance of course work is dependent upon the course being taken within the last two years and one or more of the following:
 1.) A grade of "B" or better. 2.) Successful completion of State Skill Certification and/or completion of the same version of professional industry exam, where applicable. 3.) Demonstration of competency as designated by receiving instructor which may lead to full or partial credit of course work.
