

UTAH NATIONAL GUARD Nephi Readiness Center

05 FEB 2018

Utah Division of
Facilities Construction
and Management

BOTTOM LINE UP FRONT

- WHO: Utah National Guard
- WHAT: Requesting **\$4.3 million** for state share of design and construction of the Nephi RC
- WHERE: Nephi, Utah
- WHEN: Fiscal Year 2019
- WHY: To meet the requirement of 25% state share for FY2020 Military Construction (MILCON) project

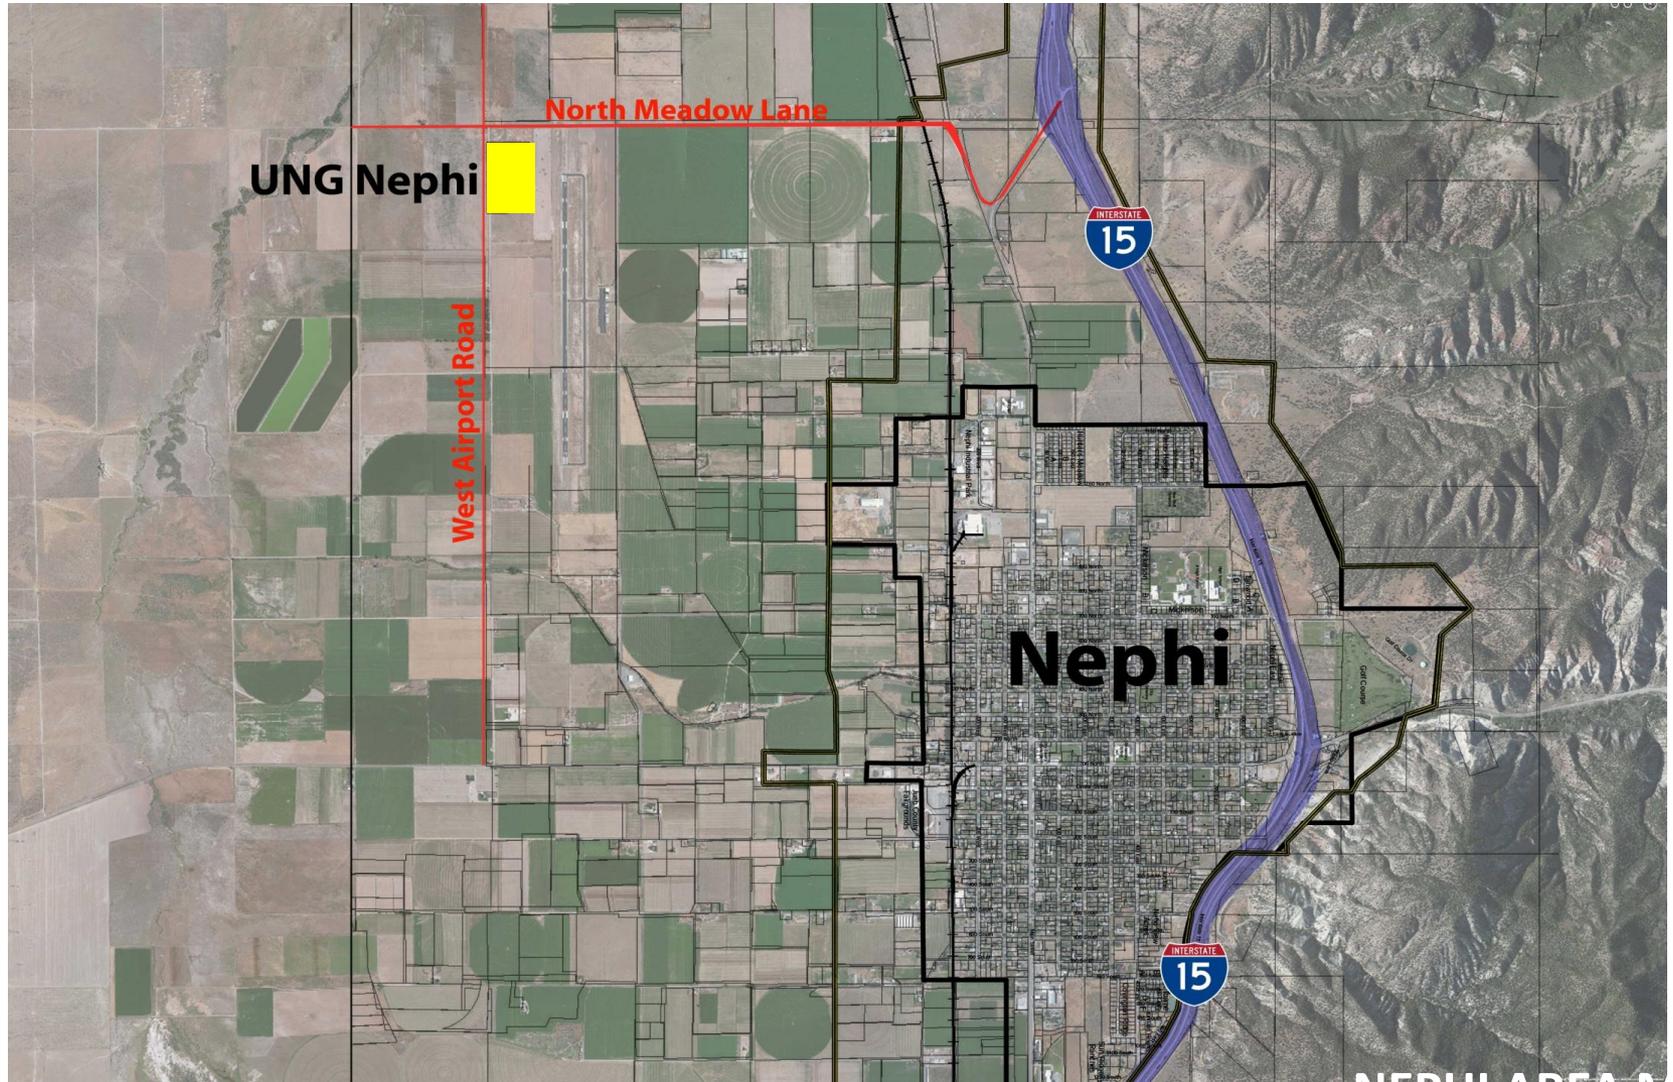

CURRENT SITUATION

- The Utah National Guard has an approved project to construct a \$16M, 60,000 square foot Readiness Center in Nephi in 2020
- Federal statute for Military Construction (MILCON) of National Guard Readiness Centers require states to provide 25% of design and construction costs
- Project site is 30 acres adjacent to the Nephi Airport owned by the UTNG

CURRENT SITUATION (cont)

- Utah provided \$4M state funds in FY17 for infrastructure. Design is 20% complete. (Expected completion date May 2018)
- Design Authority Memo from National Guard Bureau was received in JAN 2018
- Without State share, UTNG will lose the project
- Nephi City providing GAS for project (\$600K)

GENERAL LOCATION

UNCLASSIFIED

SITE PLAN

UNCLASSIFIED

PROJECT DETAILS

- This new Readiness Center will headquarter the 1457th Engineer Battalion consisting of approximately 180 Soldiers
- 80 pieces of equipment, vehicles, and trailers
- This facility will replace 2 older facilities that do not meet the current and future needs of the Utah National Guard
- Facility becomes State Real Property
