Russell,

Senator Escamilla has asked me to provide the following information on the one time funding request of \$950,000 for the ICF-IDs for capital improvements.

1. The Organization is the Utah Health Care Association. Presenters will be Dirk Anjewierden Executive Director and Karen Root, Owner, Mesa Vista Care Center
2. All money would be spent on capital improvements to the ICF-ID facilities.
3. The performance measure would be accountability through reporting to the Department of Health to insure that all funds appropriated were spent on capital improvements.

Please let me know if we need anything else.

Dirk Anjewierden

Guys,

FYI we are scheduled to present on Tuesday February 6th , this is the information needed:

Each requestor will have 5 minutes to present. Please plan on about 2 minutes of that time for questions.

Per the chairs' request, please provide the following information to the Legislative Fiscal Analyst by COB on Friday, February 3rd:

1. The name, organization, and job title of anyone else that will be presenting with you.

2. A detailed and itemized budget indicating how the funding recipient would spend the money within the specified timeframe.
3. Performance measures for how the funding recipient and the Legislature would determine success.

Staff will post this information on the committee webpage. The chairs have directed that any requests without #2 and #3 will be asked to return on another day when those materials are available.

Please bring hard copies of your handouts (3-hole punched) to the meeting -- at least 20 copies for the committee and more for the public, if you wish.

Luz
