State match of \$ **210,528** of existing program expense

Administrative Services

State Board Programming Grants

Federal Award of \$ **40,000**

State match of \$ **13,500** of existing program expense

Lt. Governor's Office

2018 HAVA Election Security Grants

Federal Award of \$ **4,111,052**

State match of \$ **205,553** of existing program expense

Health

Utah WIC EBT Implementation

Federal Award of \$ **1,164,837**

No state match required

Transportation

Solicitation of Project Proposals for the Low or No Emission Program (Low-No) Program
Federal Award of **\$ 5,189,115**
No state match required

Human Services

State Grants to Enhance Adult Protective Services
Federal Award of **\$ 162,675**
State match of **\$ 54,225** of existing program expense

Corrections

Second Chance Act Statewide Adult Recidivism Reduction Strategic Plan Implementation Program
Federal Award of **\$ 1,000,000**
No state match required

Health

Affordable Care Act - Maternal, Infant and Early Childhood Home Visiting Grant Program – Formula
Federal Award of **\$ 1,351,093**
No state match required

- Three reapplications/continuations requiring legislative action

Health

PPHF 2016 Epidemiology and Laboratory Capacity for Infectious Disease (ELC)- Building & Strengthening
Federal Award of **\$ 7,627,566**
No state match required

Environmental Quality

FY18 and FY19 Region 08 Wetland Program Development Grant (Wetlands Standards)
Federal Award of **\$ 249,920**
State match of **\$ 83,306** of existing program expense

Environmental Quality

LUST TRUST COOPERATIVE AGREEMENT
Federal Award of **\$ 730,000**
State match of **\$ 81,111** of existing program expense

Federal Grant Applications Approved by the Governor's Office

- Thirteen new grants have been approved by the Governor's Office

Health

Empowering Older Adults and Adults with Disabilities through Chronic Disease Self-Management Education

Federal Award of **\$ 660,943**

No state match required

Public Safety

2018 DNA Capacity Enhancement and Backlog Reduction Grant

Federal Award of **\$ 631,912**

No state match required

CCJJ

2018 NICS Act Record Improvement Program (NARIP)

Federal Award of **\$ 507,132**

No state match required

CCJJ

OVW FY 2018 Sexual Assault Services Formula Grant

Federal Award of **\$ 384,491**

No state match required

Health

Newborn Screening New Condition Implementation, Capacity Building and Quality Improvement

Federal Award of **\$ 286,116**

No state match required

Health

Comprehensive Opioid Abuse Site-Based Program

Federal Award of **\$ 324,829**

No state match required

Environmental Quality

Jacobs Smelter OU2 Remedial Design

Federal Award of **\$ 125,000**

No state match required

Human Services

Clinical High-Risk Psychosis (CHR-P)

Federal Award of **\$ 400,000**

No state match required

Health

Utah Essentials for Childhood Program

Federal Award of **\$ 207,086**

No state match required

Health

Comprehensive Opioid Abuse Site-based Program Category 5

Federal Award of **\$ 375,000**

No state match required

Health

Utah Sexual Risk Avoidance Education Program - Competitive Grant

Federal Award of **\$ 395,847**

No state match required

Agriculture and Food

VELVET LONGHORN BEETLE BIO ESSAY

Federal Award of **\$ 12,527**

No state match required

New Grants

Health	UTG-180501010-ad	State Loan Repayment Program (SLRP)	Health Resources and Services Administration Health and Human Services	\$225,000	\$250,000	\$0	9/1/2018 - 8/31/2022	100%	N	0	Submitted	4	New
Description and Purpose of Grant:		The purpose of the grant is to provide student loan repayment assistance to qualified medical providers to work in designated Health Professionals Shortage Areas(HPSAs) throughout Utah. By increasing the amount of qualified medical professionals in HPSAs, we can dramatically improve access to needed primary care services and assist those communities in recruiting and retaining needed primary care professionals.											
Human Services	UTG-180521030-ac	AmeriCorps State and National Grants	Corporation for National and Community Service	\$149,320	\$252,626	\$0	1/1/2019 - 12/31/2021	0%	N	0	Submitted	3	New
Description and Purpose of Grant:		Build capacity throughout the state in order to decrease prescription drug and opioid abuse. This is accomplished through 10 FTE AmeriCorps Volunteers at 7 sites. The grant intends to build capacity and decrease addiction. As part of the proposal, DSAMH is collaborating and coordinating with USARA to address recovery needs.											
Transportation	UTG-180521020-aa	Resilience and Durability of our transportation System	Highway of Transportation	\$249,990	\$74,672	\$0	5/21/2018 - 4/10/2020	0%	N	0	Submitted	1	New
Description and Purpose of Grant:		The applied research will benefit the recipient by providing funding to offset the costs of implementing resilience solutions, such as integrating resilience and durability into agency practices, using available tools and resources to assess the vulnerability and risk of transportation projects or systems, or deploying a resilience solution and monitoring performance. At the same time, the applied research will benefit FHWA and its stakeholders nationally by producing lessons learned from the pilot projects and recommendations for improving FHWA resources on the topics of resilience and durability.

Natural Resources	UTG-180522050-aa	Enhanced attribution of wetland spatial data-mapping wetland function in Cache County	Environmental Protection Agency	\$99,443	\$33,148	\$0	1/1/2019 - 6/30/2021	0%	N	0	Submitted	1	New
	Description and Purpose of Grant: Create a spatial dataset of wetlands and their potential functions in Cache County and to enhance the accessibility of wetland data via the Utah Geological Survey wetland mapper application. UGS will map wetlands and riparian areas in a portion of Cache County using established practices and apply landscape position, landform, water flow path and waterbody type attributes to the new spatial data to provide better information on the hydro geomorphic setting of wetlands.												
Natural Resources	UTG-180522040-ab	Data to Improve Protection of Utah's Central Basin Wetlands	Environmental Protection Agency	\$69,866	\$23,289	\$0	1/1/2019 - 6/30/2021	0%	N	0	Submitted	2	New
	Description and Purpose of Grant: Develop a detailed profile of wetlands in the Central Basin, including a description of reference condition for different wetland classes and estimates of wetland condition and common disturbances across the region. UGS will add two new modules to an existing rapid assessment protocol, synthesize previously collected data, and conduct probabilistic and targeted surveys in the ecoregion.												
Natural Resources	UTG-180522030-aa	Northern Wasatch Fault Zone Trenching Proposal	U.S. Geological Survey	\$62,660	\$62,660	\$0	4/1/2019 - 3/31/2020	0%	N	0	Submitted	1	New
	Description and Purpose of Grant: The Utah Geological Survey proposes to excavate a paleo seismic trench on the Clarkston Mountain segment (CMS) of the Wasatch fault zone (WFZ) and obtain a terrestrial cosmogenic radionuclide (TCN) exposure age of a fault-offset deposit on the Malad City segment (MCS) of the WFZ to develop detailed models of paleo earthquake timing and displacement for these unconstrained northernmost segments of the WFZ. Excavation of this scarp will expose earthquake-related structures and geologic deposits that can be carefully logged, interpreted, and sampled to yield earthquake timing of individual events.

Natural Resources	UTG-180522020-aa	Northern Utah and Southeastern Idaho Fault Mapping	U.S. Geological Survey	\$28,251	\$28,251	\$0	1/1/2019 - 12/31/2019	0%	N	0	Submitted	1	New
	Description and Purpose of Grant: The Utah Geological Survey proposes to map surface traces of the East and West Bear Lake Faults (ID/UT), the Oquirrh fault zone (UT), the Southern Oquirrh Mountains fault zone (UT), and the Toplift Hill fault zone (UT). We plan to map these fault zones at high detail with a scale of 1:10,000 using newly acquired lidar data, available aerial photography, and field reconnaissance. This mapping will be used to develop surface-fault-rupture-hazard special study zones and maps for use in land-use planning, management, and local government ordinances, such as building setbacks from hazardous faults. Additionally, we will identify potential paleo seismic trenching sites for future studies. These maps will be published showing the results of the fault trace and surface-fault-rupture-hazard special study zones.												
Natural Resources	UTG-180522010-aa	2019 Utah Earthquake Working Groups	U.S. Geological Survey	\$44,058	\$24,214	\$0	1/1/2019 - 12/31/2019	0%	N	0	Submitted	1	New
	Description and Purpose of Grant: Tasks principally consist of holding annual meetings of the working groups to review investigation results, update long-term plans, and discuss future research needs and National Earthquake Hazards Reduction Program (NEHRP)/USGS Earthquake Hazards Program proposals. The UGS will continue to work with the USGS and NEHRP principal investigators on work in Utah, provide the USGS with updates for Utah to the national Quaternary Fault and Fold Database of the United States, update various earthquake related databases, work with developers of the Wasatch Front Community Velocity Model, and publish appropriate NEHRP investigation results as they are completed.												
Health	UTG-180523010-ac	Title X Family Planning Services Grant	Department of Health and Human Services	\$548,219	\$178,373	\$0	10/1/2018 - 9/30/2021	0%	N	0	Submitted	3	New
	Description and Purpose of Grant: The state of Utah through the Utah Department of Health is applying for Title X funding to provide improved access to primary care, specifically Title X services to eligible populations. The goal of this application is to extend existing services provided by three Utah Department of Health Clinics known as the Health Clinics of Utah (HCU). It is estimated that HCU capacity can absorb close to 1400 new patients annually with anticipated return encounters of 3600. These three clinics are in Salt Lake City, Ogden and Provo Utah and serve the 5 counties of Box Elder, Davis Salt Lake, Utah, and Weber where 80% of Utah population currently resides. Total Requested amount for 3 years is \$2,928,583 with \$2,101, 637 used for program development and \$826,946 for clinical services subsidy.												
CCJJ*	UTG-180524080-ad	OVC FY2018 VOCA Victim Assistance Formula Grant	USDOJ Office for Victims of Crime	\$31,579,191	\$3,750,029	\$3,750,029	10/1/2017 - 9/30/2021	95%	N	0	Submitted	4	New
	Description and Purpose of Grant: The general purpose of the VOCA Victim Assistance Formula Grant Program is to support eligible crime victim assistance programs in the State of Utah. Services include those efforts that (1) respond to the emotional, psychological, or physical needs of crime victims, (2) help victims of crime to stabilize their lives after a victimization, (3) help victims to understand and participate in the criminal justice system , and (4) restore a measure of security and safety for the victim.

Transportation	UTG-180531010-ab	Advanced Transportation and Congestion Management Technologies Deployment (ATCMTD) Initiative	U.S. Department of Transportation	\$3,000,000	\$0	\$3,000,000	10/1/2018 - 10/1/2020	0%	N	0	Submitted	2	New
	<p>Description and Purpose of Grant: The DOT's vision for the Advanced Transportation and Congestion Management Technologies Deployment (ATCMTD) initiative is the deployment of advanced technologies and related strategies to address issues and challenges in safety, mobility, sustainability, economic vitality, and air quality that are confronted by transportation systems owners and operators. The advanced technologies are integrated into the routine functions of the location or jurisdiction, and play a critical role in helping agencies and the public address their challenges. The advanced technology solutions and the lessons learned from deployments can be used in other locations, scaled in scope and size, to increase successful deployments and provide widespread benefits to the public and agencies. For each fiscal year from 2016 through 2020, a maximum of \$60 million is available for award. The Department is currently operating under a Continuing Resolution and awards will be subject to future availability of funds through appropriations and obligation limitation. A single grant recipient may not receive more than \$12 million in one fiscal year. The DOT anticipates making not less than 5 and not more than 10 awards each fiscal year. The planned award type is a cost-reimbursable Cooperative Agreement or an allocation to a State. The estimated period of performance is between 1 and 4 years.</p>												
Environmental Quality**	UTG-180605020-ab	National Clean Diesel Emissions Reduction Program	U.S. Environmental Protection Agency	\$1,050,000	\$18,461	\$3,044,351	10/1/2018 - 9/30/2020	98%	N	0	Submitted	2	New
	<p>Description and Purpose of Grant: Competitive Grant to replace approximately 40 Class 8 short-and long-haul, single-and combination-trucks, and approximately 43 Class 5-7 short-haul, single-and combination-trucks, engine model years 1996-2006, with current model year trucks that have the most stringent emissions standards at the time of replacement.</p>												
CCJJ***	UTG-180608010-ab	OVW FY 2018 STOP Violence Against Women Formula Grant Program	USDOJ Office on Violence Against Women	\$1,730,173	\$210,528	\$210,528	7/1/2018 - 6/30/2020	95%	N	0	Submitted	2	New
	<p>Description and Purpose of Grant: This grant supports a multifaceted approach in responding to stalking, dating violence, domestic violence and sexual assault by forging state , local and tribal partnerships among police, prosecutors, judges, victim advocates, health care providers, faith leaders, organizations that serve culturally specific and underserved communities, and others. The STOP grant helps provide victims, across their life span, with the protection and services they need to pursue safe and healthy lives, while improving communities capacity to provide justice for victims and hold offenders accountable.</p>

	Description and Purpose of Grant: The Utah State Historical Records Advisory Board (USHRAB) requests total grant funding of \$40,000. This requested amount is for administrative costs to carry out functions aligned with the board's strategic plan and to continue a re-grant program. This grant would not begin until July 1, 2018.												
Lt. Governor's Office	UTG-180613010-ae	2018 HAVA Election Security Grants	Election Assistance Commission	\$4,111,052	\$205,553	\$0	6/13/2018 - 3/22/2023	50%	N	0	Submitted	5	New
	Description and Purpose of Grant: Federal grant to improve the administration of elections for federal offices, including to enhance technology and make certain election security improvements. These grants were made available to all states, the District of Columbia, Puerto Rico, Guam, American Samoa, and the Virgin Islands. The allocations were determined by a formula based on each state's share of the national voting-age population. States may make sub-grants to local election offices.												
Health	UTG-180613020-ab	Utah WIC EBT Implementation	USDA	\$1,164,837	\$0	\$1,072,328	6/13/2018 - 6/30/2020	0%	N	0	Submitted	2	New
	Description and Purpose of Grant: To provide funding for Utah WIC's implementation of and transition to an electronic food delivery or "eWIC" system. In Utah, the proposed "eWIC" system will be one that supports smart card technology and batch file transfers and processing, electronic vendor /settlement payments and online reports. Utah will migrate its WIC Central Office and local health clinics from the paper checks-based Mountain Plains States Coalition (MPSC) State Agency Model (SAM) WIC Management Information System (MIS) referred to as "VISION" in Utah, to the smart card enabled MPSC SAM WIC MIS code base currently deployed and in use in Wyoming.

Health	UTG-180425010-ac	Empowering Older Adults and Adults with Disabilities through Chronic Disease Self-Management Education	HHS, Administration on Aging, Administration for Community Living	\$660,943	\$0	\$0	7/1/2018 - 6/30/2021	55%	N	0	Submitted	3	New
	Description and Purpose of Grant:	The grant is intended to increase the number of chronic disease self-management education program participants, while concurrently increasing the sustainability of these proven programs through innovative funding arrangements and by embedding the programs into the nation's health and long-term services and support systems. This is to be awarded as one grant for a three year period. Grant activities will be conducted in conjunction with community partners including local Area Agencies on Ageing, Veterans organizations, Local Health Departments, Healthcare systems and other Community-Based Organizations.											
Public Safety*	UTG-180507020-ab	2018 DNA Capacity Enhancement and Backlog Reduction Grant	National Institute of Justice	\$631,912	\$0	\$0	1/1/2019 - 12/31/2020	0%	N	0	Submitted	2	New
	Description and Purpose of Grant:	The requested funds will be used to help reduce the DNA backlog, to reduce turnaround times, to help increase the capacity of the biology section, to maintain trained and qualified analysts and to maintain the increase of CODIS samples.											
CCJJ**	UTG-180509010-aa	2018 NICS Act Record Improvement Program (NARIP)	U.S. Department of Justice - Bureau of Justice Statistics (BJS)	\$507,132	\$0	\$0	10/1/2018 - 9/30/2019	0%	N	0	Submitted	1	New
	Description and Purpose of Grant:	The NICS Improvement Amendments Act of 2007, Pub. L. 110-180 (NIAA or the Act), was signed into law on January 8, 2008, in the wake of the April 2007 shooting tragedy at Virginia Tech. The Virginia Tech shooter was able to purchase firearms from a Federal Firearms Licensee (FFL) because information about his prohibiting mental health history was not available to the NICS, and the system was therefore unable to deny the transfer of the firearms used in the shootings. The NIAA seeks to address the gap in information available to NICS about such prohibiting mental health adjudications and commitments, and other prohibiting factors. Filling these information gaps will better enable the system to operate as intended to keep guns out of the hands of persons prohibited by federal or state law from receiving or possessing firearms. The automation of records will also reduce delays for law-abiding persons to purchase firearms.

CCJJ***	UTG-180601020-ab	OVW FY 2018 Sexual Assault Services Formula Grant	USDOJ Office on Violence Against Women	\$384,491	\$0	\$0	8/1/2018 - 7/31/2020	95%	N	0	Submitted	2	New
	Description and Purpose of Grant:	The SAS Formula Program directs grant dollars to states to assist them in supporting rape crisis centers and other nonprofit, nongovernmental organizations or tribal programs that provide core services, direct intervention, and related assistance to victims of sexual assault. Rape crisis centers and other nonprofit and tribal organizations, such as dual programs providing both sexual violence and domestic violence intervention services, play a vital role in assisting sexual assault victims through the healing process as well as assisting victims through the medical, criminal justice, and social support systems. Funds provided through the SASP Formula Program are designed to supplement other funding sources directed at addressing sexual assault at the state level.											
Health	UTG-180605010-aa	Newborn Screening New Condition Implementation, Capacity Building and Quality Improvement	HHS. PHS, Centers for Disease Control and Prevention	\$286,116	\$0	\$0	10/1/2018 - 9/30/2019	0%	N	0	Submitted	1	New
	Description and Purpose of Grant:	The U.S. Department of Health and Human Services Advisory Committee on Heritable Disorders in Newborns and Children recommends specific disorders for inclusion on every newborn screening panel. As of February 2018, more than 80% of U.S.states do not include on their newborn screening panels any of the recent HHS recommended conditions; including Pompe Disease, Mucopolysaccharidosis Type 1, X-linked Adrenoleukodystrophy, and Spinal Muscular Atrophy. The intent of this grant offering is to increase the number of newborn screening laboratories that test for these conditions. This is a capacity improvement grant which will include purchase of additional lab equipment, validating the laboratory methods, and training staff to execute the testing once the methods have been validated.

Health	UTG-180622010-ac	Utah Sexual Risk Avoidance Education Program Competitive Grant	DHHS, ACYF	\$395,847	\$0	\$15,506	10/1/2018 - 9/30/2021	78%	N	0	Submitted	3	New
--------	------------------	--	------------	-----------	-----	----------	-----------------------	-----	---	---	-----------	---	-----

Description and Purpose of Grant: The stated purpose of this funding is to provide states with funding for additional tools to address the rates of teen pregnancy among those groups who are most likely to bear children out of wedlock. For that reason, states may fund abstinence education as defined by section 510(b)(2) of the Social Security Act (42 U.S.C. § 710(b)) and/or programs that provide mentoring, counseling, and adult supervision as a means of promoting abstinence from sexual activity. All programs incorporated by a state must ensure that abstinence from sexual activity is an expected outcome. States are encouraged to identify programs that have demonstrated effectiveness in delaying the initiation of sexual activity or promoting abstinence from sexual activity. These projects must focus on the social, psychological, and health gains to be realized by delaying initiation of sexual activity and engaging in healthy relationships. This supplemental funding will replace funding cuts taken this year and to be able to maintain sub-awardees at the current funding level.
