

## Utah Non-credit Career and Technical Education (CTE) Tuition Rates

### *Salt Lake Community College School of Applied Technology and Utah System of Technical Colleges*

During the June 2018 interim meeting of the Higher Education Appropriations Subcommittee, members of the committee requested from Salt Lake Community College (SLCC) School of Applied Technologies (SAT) non-credit tuition rate in comparison to the Utah System of Technical Colleges (UTEC).

#### **SLCC School of Applied Technology**

The School of Applied Technology and Technical Specialties provides technical education and career training designed to get students a meaningful job. The SAT services thousands of students who have a wide range of educational and career goals. The competency-based education approach helps students reduce the time it takes to complete their education goals.

*SAT 2018-19 Per Clock Hour Tuition Rate: \$2.31*

#### **Utah System of Technical Colleges**

The Utah System of Technical Colleges' mission is focused on meeting business and industry needs for technically-skilled workers and promote economic development by providing market-driven technical education to secondary and adult students.

There are eight technical colleges located throughout the state. Similar to the SLCC SAT the programs offered at the Utah System of Technical Colleges are non-credit and competency based.

#### *UTEC 2018-19 Per Clock Hour Tuition Rates by Campus*

Tech College	Hourly Tuition
Bridgerland	1.95
Davis	2.10
Dixie	2.25
Mountainland	2.00
Ogden-Weber	2.00
Southwest	1.95
Tooele	2.00
Uintah Basin	2.00
