Existing Request for Appropriations Rule (JR3-2-701)
Sample Request for Appropriation Process

1. Agencies administer transparent and competitive granting/allocation process using clearly established criteria. Agencies Report outcome of granting and allocation processes to Legislature, including: all applications received; recipients and amounts awarded; unmet/unsuccessful requests.

2. Separate items of appropriation would include intent language specifying purpose/recipient, would be voted upon by entire Legislature, and could be affirmed or vetoed by executive. Veto could be overridden by Legislature.

3. Mid-year supplemental appropriation could augment competitive pool or create separate item of appropriation.
