TAYLORSVILLE PEDESTRIAN ACCESS SAFETY Project

Pedestrian Safety Concerns

- Sidewalk Abruptly Ends at Canal
- Pedestrians Frequently Cross in Travel Lane
- Roadway Traffic Counts approx. 25,000 Vehicles per Day
- Narrow Roadway Bridge
- Sidewalk Regularly Used to Access Multiple Parks and Local Businesses
Valley Communities

- Interconnects Taylorsville, Kearns, and West
- Extends access to Community Parks

Pedestrian System
Extends access to Regional Pedestrian Trail

Total Project Cost: $77,200
New Pedestrian Bridge
