

Utah Medical Cannabis Act Overview

November 30, 2018

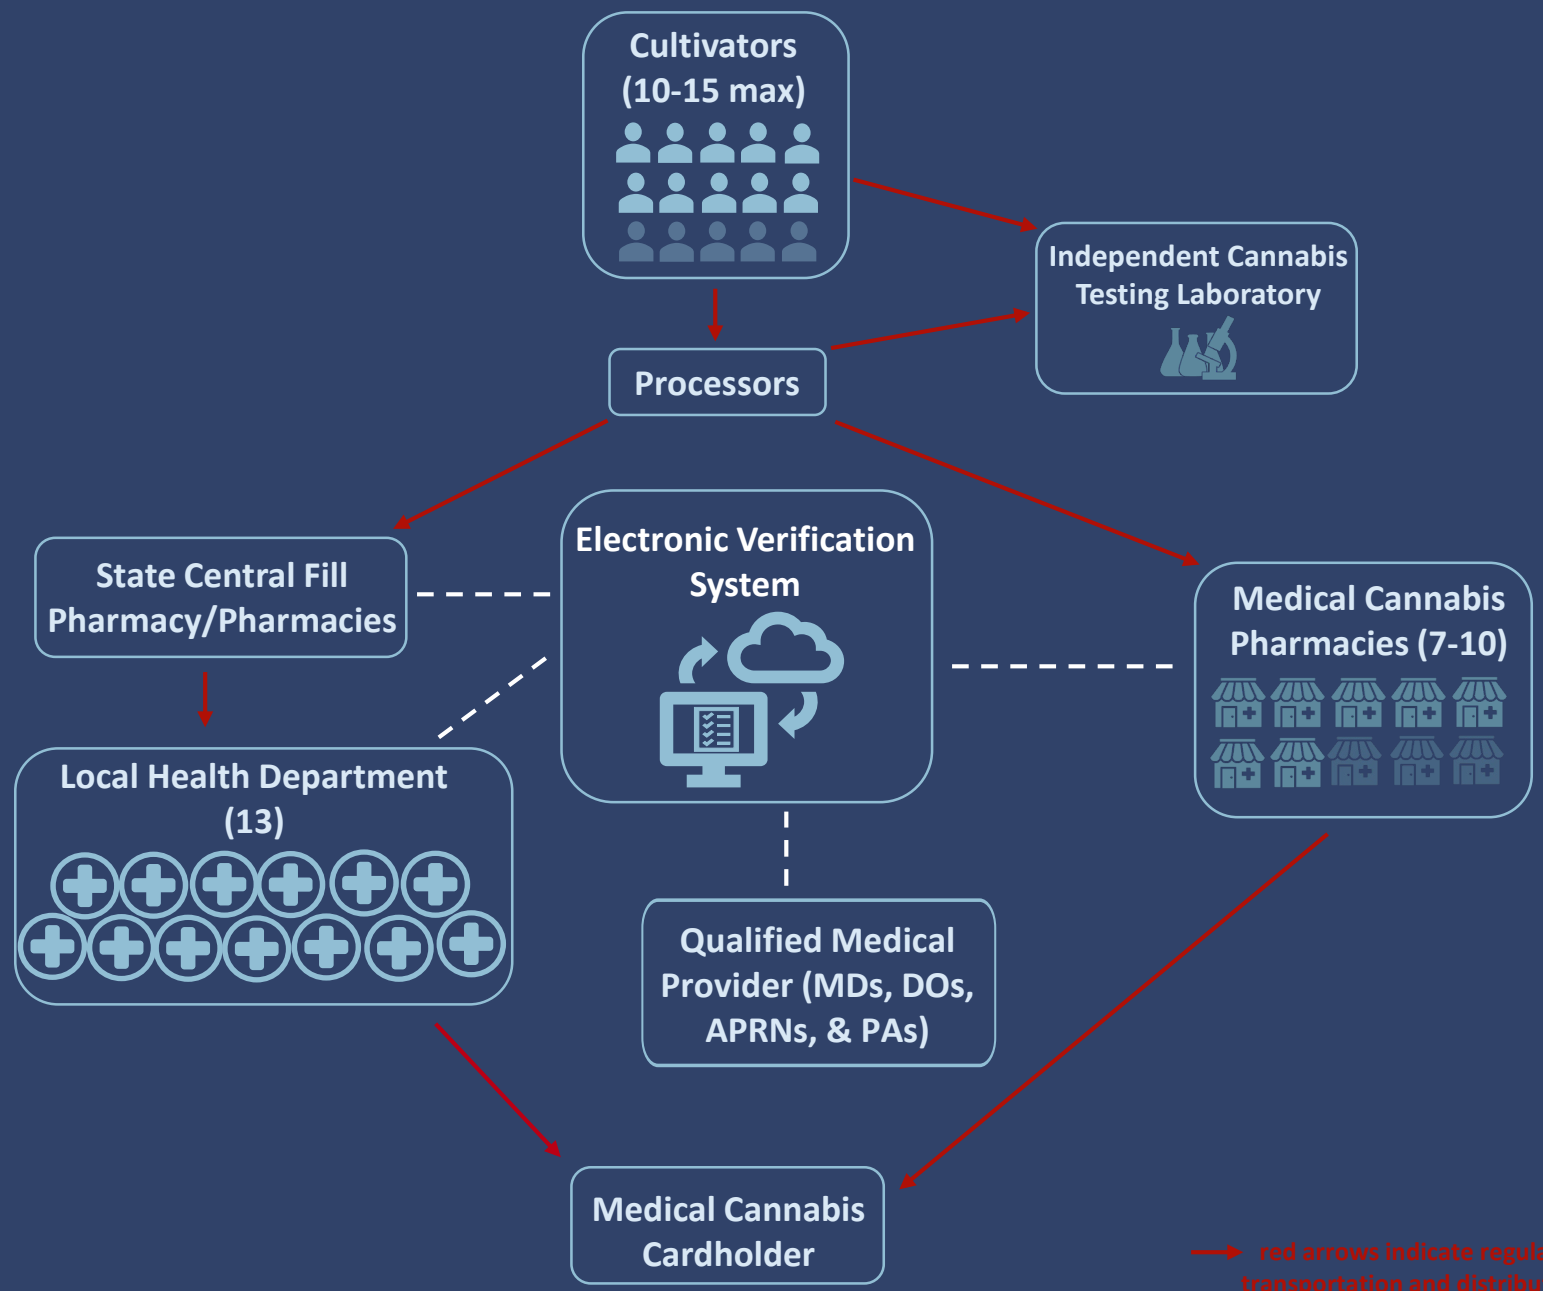

Plant 8" Tall

Inventory Control System

Patient Use

provides for security and tracking of cannabis and a related product from cultivation to patient use.

→ red arrows indicate regulated transportation and distribution

- - - access to state electronic verification system

Medical Cannabis Card Overview

November 30, 2018

1. Doctor Recommendation

A qualified medical provider (QMP) recommends medical cannabis treatment to a patient with a qualifying condition*

Qualifying conditions

- HIV or AIDS
- Alzheimer's disease
- Amyotrophic lateral sclerosis
- Cancer
- Cachexia
- Persistent nausea, under certain conditions
- Crohn's disease or ulcerative colitis
- Epilepsy or debilitating seizures
- Multiple sclerosis or persistent and debilitating muscle spasms
- PTSD, under certain conditions
- Autism
- Terminal illnesses, under certain conditions
- Condition resulting in hospice care
- Rare conditions, under certain conditions
- Pain lasting longer than two weeks, under certain conditions
- Condition the Compassionate Use Board approves, on a case-by-case basis

2. Card Application

Patient applies for a medical cannabis card with QMP at QMP's office through Electronic Verification System (EVS)

Medical Cannabis Patient Card qualifications

- 21 or older (18, 19, or 20 if Compassionate Use Board recommends approval of card)
- Utah resident
- Provide name, gender, age, and address
- Sign acknowledgment of risks
- Pay fee

Other medical cannabis cards:

- Medical Cannabis Guardian Card
- Provisional Patient Card (for a minor in connection with a Medical Cannabis Guardian Card)
- Medical Cannabis Caregiver Card (for a designated caregiver)

3. Card Issuance

The Department of Health evaluates application and issues card within 15 days, if applicant qualifies

Medical Cannabis Patient Card

- Valid for up to 30 days at first, then 6 months
- Renewable (with fee)

Medical Cannabis Guardian Card

- Valid for up to 30 days at first, then 6 months
- Renewable (with fee)

Provisional Patient Card

- Issued automatically with guardian card (no fee)
- Renews automatically with guardian card (no fee)

Medical Cannabis Caregiver Card

- Generally, card renews automatically with associated medical cannabis patient or guardian card (with fee)

4. Cardholder Requirements

Presumption a cardholder possesses cannabis legally, if requirements followed

A medical cannabis cardholder:

- may only purchase, possess, transport, and (if patient) use certain cannabis in medicinal dosage form
- must carry card on person at all times cardholder is in possession of cannabis
- must have identification label for cannabis in cardholder's possession
- may not use cannabis in public view, except in an emergency
- may not carry on person:
 - more than 113 grams of unprocessed cannabis
 - cannabis product that contains more than 20 grams of total composite THC

*QMP's recommendation for a minor must be approved by the Compassionate Use Board
