Agriculture and Food*	UTG-181204010-ab	Utah Farm to School Grant	USDA-FNS	\$50,138	\$25,428	\$0	7/1/2019 - 6/30/2021	0%	N	0	Submitted	2	New
	<p>Description and Purpose of Grant: Thanks to funding from the USDA-FNS, Utah will hire a Farm to School Coordinator for the first time. The coordinator will manage the activities of the interagency Utah Farm to Fork Task Force, which includes membership from the Utah State Board of Education, Utah Department of Agriculture and Food, Utah Department of Health, Jordan School District and other local and state partners. The Coordinator will oversee farm to school educational activities, such as the statewide Apple Crunch Day. The coordinator will also work directly with farms and school district nutrition coordinators to increase farm to school purchasing of local farm fresh products in Utah. The Farm to Fork Task Force Task Force expects to see a 50 percent increase in educational activities and a nearly 40 percent increase in farm to school purchasing.</p>												
Environmental Quality*	UTG-181030010-ae	FY2020 Targeted Air Shed Grant-Vehicle Repair and Replacement Program for the SLC Nonattainment Area	Environmental Protection Agency	\$1,000,000	\$8,720	\$1,470,156	5/1/2019 - 5/31/2024	98%	N	0	Submitted	5	New
	<p>Description and Purpose of Grant: To create a Vehicle Repair and Replacement Assistance Program (VRRAP) for the SLC, Utah Nonattainment Area. This grant program provides funds to reduce air pollution in the nation's areas with the highest levels of ozone and PM2.5 ambient air concentrations.</p>												
Human Services	UTG-181214010-ae	Utah Healthy Transitions	SAMHSA	\$1,000,000	\$0	\$0	3/31/2019 - 3/30/2024	65%	N	0	Submitted	5	New
	<p>Description and Purpose of Grant: To improve emotional and behavioral health functioning of youth and young adults, age 16 – 25, who have serious mental disorder(s) so they can maximize their potential to assume adult roles and responsibilities and lead full and productive lives.</p>												
Environmental Quality*	UTG-181219010-ac	FY18 SLC Wood Burning Appliance Conversion Grant	Environmental Protection Agency	\$1,666,668	\$23,148	\$1,142,334	5/1/2019 - 5/1/2022	84%	N	0	Submitted	3	New
	<p>Description and Purpose of Grant: EPA has recently announced a request for applications (RFA) for the 2018 Targeted Air Shed Grant Program. This Grant Program provides funds to reduce air pollution in the nation's areas with the highest levels of ozone and PM2.5 ambient air concentrations. UDAQ is proposing to submit an application to develop a Smoke Reduction Program for the Salt Lake City, Utah PM2.5 nonattainment area.</p>

	Description and Purpose of Grant: DAQ will implement an oil and gas non-road engine and equipment replacement program in the Uinta Basin Ozone nonattainment area. The program will offer up to 40% of the cost associated with replacing 175 natural gas pump engines within the 25 to 100 horsepower range and 15 natural gas compressors within the 500 to 1,350 horsepower range.												
Corrections	UTG-180619010-ac	Second Chance Act Statewide Adult Recidivism Reduction Strategic Plan Implementation Program	The Bureau of Justice Assistance (BJA), Office of Justice Programs, U.S. Department of Justice	\$1,000,000	\$0	\$0	10/1/2018 - 9/30/2021	0%	N	0	Submitted	3	New
	Description and Purpose of Grant: The purpose of the FY 2018 Second Chance Act Statewide Adult Recidivism Reduction Strategic Plan Implementation Program (SRR Implementation Program) is to provide state agencies with resources and technical assistance to implement previously developed strategic plans that will result in improved reentry systems and reduced recidivism among populations released from incarceration.												
Environmental Quality	UTG-190102010-ae	Class 5-8, Heavy-Duty Diesel Vehicle Replacements - Uintah Basin, UT, Ozone Nonattainment Area	Environmental Protection Agency	\$1,000,000	\$0	\$1,115,000	5/1/2019 - 5/1/2024	90%	N	0	Submitted	5	New
	Description and Purpose of Grant: DAQ will target the replacement of Class 5-8 local medium and heavy duty diesel freight trucks and buses in the Uinta Basin ozone nonattainment area to reduce NOx (nitrogen oxides) and VOC (volatile organic compound) emissions through an incentive program that is equitable, feasible, and results in notable emissions reductions. The proposal is inclusive of all eligible vehicles, tribal, state, federal and privately owned, in the Uinta Basin nonattainment area with the goal of a cohesive and cooperative approach to aid in improving the air quality for all residents and workers in the area.												
Human Services	UTG-190128010-ae	Promoting Integration of Primary and Behavioral Health Care	SAMHSA	\$2,000,000	\$0	\$0	1/1/2019 - 12/31/2019	90%	N	0	Submitted	5	New
	Description and Purpose of Grant: Full Primary and Behavioral Health Care integration programs in selected areas in Utah. The purpose of this program is to promote full integration and collaboration in clinical practice between primary and behavioral healthcare. The grants will also help promote services related to screening, diagnosis, prevention and treatment of mental and substance use disorders as well as related physical conditions and chronic diseases.

Natural Resources*	UTG-190322020-aa	FY2019 Geological Data Preservation	U.S. Geological Survey	\$97,204	\$97,315	\$0	7/1/2019 - 6/30/2020	0%	N	0	Submitted	1	New
	Description and Purpose of Grant: The UGS is proposing a collaborative project that focus on five goals of the UGS data preservation plan. The focus of this proposal is continuing to convert existing paper and analog geologic records to digital formats to ease access to materials and to preserve them. We propose to digitally scan and create metadata for our portions of our geologic document, aerial photography, and geologic and hazard map collections; propose to digitally scan and create metadata for coal well exploration data; digitally photograph rock core boxes and create metadata that will greatly expand access to these materials by our users, rescue core stored in Oklahoma, and compile critical mineral data. This project will enable the UGS to catalog and digitally convert a portion of our holdings for easier access by users, as well as preserving them. We anticipate that this and other data preservation projects will allow data to become more readily accessible through inventorying, creating metadata, and developing creative information delivery methods, such as collaboration with other agencies and in creating enhanced web information products.												
Natural Resources*	UTG-190328010-ac	Underground Injection Control	Environmental Protection Agency	\$169,624	\$56,541	\$0	10/1/2019 - 6/30/2022	0%	N	0	Submitted	3	New
