### Health*

- **Grant Title:** Rape Prevention and Education  
- **Federal Agency:** HHS, PHS. Centers for Disease Control and Prevention  
- **Federal Annual Award:** $657,432  
- **Start/End Date:** 2/1/2020 - 1/31/2021  
- **% Share To Local Agencies:** 67%  
- **Grant Status:** Submitted  
- **Type of Grant:** New

**Description and Purpose of Grant:**
Funding is intended for the implementation of primary prevention strategies to address sexual violence using comprehensive approaches that address all levels of the social ecological model (SEM). 75% of strategies must take place at the community and societal levels, while the other 25% of strategies can address the individual and relationship levels. Strategies must be selected using guidance from the CDC, specifically the SOP Sexual Violence Technical Package. An evaluation plan and strong public and private partnership development is required. A portion of the funding will be provided to communities through a competitive application process.

### Natural Resources

- **Grant Title:** Data to Support Central Basin Wetland Assessment (Multipurpose Grant)  
- **Federal Agency:** EPA  
- **Federal Annual Award:** $13,792  
- **Start/End Date:** 1/1/2020 - 9/30/2021  
- **% Share To Local Agencies:** 0%  
- **Grant Status:** Submitted  
- **Type of Grant:** New

**Description and Purpose of Grant:**
The main objective of this project is to develop information and tools that will assist in the assessment of wetlands in Utah’s Central Basin and Range (“Central Basin”) ecoregion. To accomplish this, the UGS will conduct two high-priority activities, 1) research and early-season surveys to better understand the hydrology of wetlands in the Central Basin and Range Ecoregion of Utah and 2) classification of common Central Basin plant species according to ecological characteristics to better characterize wetland condition and function. Outputs will include additional hydrology information in the Central Basin report, table of plant species with functional attributes, and a short report summarizing the results of the plant attribute validation and analysis.

### Environmental Quality

- **Grant Title:** WIIN 2107 DWSRF Lead Testing in Schools and Child Care Program Grant  
- **Federal Agency:** Environmental Protection Agency  
- **Federal Annual Award:** $434,000

- **% Share To Local Agencies:** 88%  
- **Grant Status:** Submitted  
- **Type of Grant:** New

**Description and Purpose of Grant:**
The Division of Drinking Water will assist low-income areas to test for lead contamination in drinking water sources. Schools and Child Care facilities are the target areas using EPA 3Ts for Reducing Lead in Drinking Water in Schools guidance or applicable state regulations or guidance. In accordance with the America’s Water Infrastructure Act (AWIA) of 2018 $2006 which amended the Water Infrastructure Improvement Act (WIIN) of 2017 $2107.
