

iSEE Collective Impact

Informal Science Education Enhancement

Clark Planetarium • Discovery Gateway Children's Museum • HawkWatch International • Loveland Living Planet Aquarium
 Natural History Museum of Utah • Ogden Nature Center • Red Butte Garden • Thanksgiving Point • The Leonardo • Utah's Hogle Zoo

STEM experiences

iSEE requests moving iSEE Student Outreach Provider increase of \$200,000 from one-time funding to ongoing funding and maintaining the RFP with Ogden Nature Center as a provisional member. Funding supports increases in student attendance across the State. Programs spark students' natural curiosity and sense of wonder by providing exciting opportunities to experience science.

Statewide outreach programs visit K-12 classrooms in public and charter schools in Utah. iSEE organizations offer a balanced schedule to ensure that all school districts receive services equitably.

5.1

million student and teacher experiences provided by iSEE in the last 13 years. Programs increase student interest in STEM fields, support teachers to build STEM education capacity in classrooms, and foster a lifelong love of learning. iSEE provides unique opportunities not typically available in the classroom.
