TECHNICAL COLLEGE

Pathway not just  
to a “new  
normal” but a  
pathway to a  
“better normal”

# COMMUNICATION PLAN MAY - JUNE 2020

*Instruction will be online or distance learning and not on campus.*

*Resume with online and distance learning, as well as limited on-campus, in-person instruction.*

*We will begin enrollment for new students (including new students who were scheduled to start their program in April and May) in specific programs.*

*We will begin enrollment for new students (including new students who were scheduled to start their program in April and May) in specific programs.*

*Phases are dependent on the most current directions from our local health department and may change at any time.*

HIGH	MODERATE	LOW	NEW NORMAL
<p>Online, distance and remote instruction only. All programs.</p> <p>Public access to campuses restricted.</p> <p>Restricted access to campuses for employees. Telecommuting protocols enacted.</p> <p>New enrollment limited to online programs only.</p>	<p>On-campus PPE, distancing, and cleaning protocols required.</p> <p>On-campus employee and student screening protocols required.</p> <p>Limited in-person, on-campus instruction.</p> <p>Restrictions for public access to campuses.</p> <p>New enrollments may be limited.</p>	<p>On-campus PPE, distancing, and cleaning protocols required.</p> <p>On-campus employee and student screening protocols required.</p> <p>In-person, on-campus instruction available; all programs.</p> <p>Services to public resume.</p> <p>New enrollment in all programs.</p> <p>Internships, externships, and clinical experiences may be limited.</p>	<p>Continuation of "Low Risk" guidelines.</p> <p>Expansion of off-campus internships, externships, and clinical opportunities.</p>

### Ogden-Weber Technical College Expectations for May 18, 2020

For all programs, on-ground instruction to include skills/labs will be offered in small groups beginning May 18, 2020. Students will receive communication from their instructors regarding program-specific instructions.

Ogden-Weber Technical College will continue to monitor the status of COVID-19 pandemic and determine if the re-opening schedule will need to be adjusted or modified.

#### Required Safety Precautions for Students

- All students must adhere to social distancing (minimum of 6 feet).
- All students must adhere to hand washing requirements.
- All students will wear mandatory protective equipment in lab areas.
- All students must adhere to CDC and Weber-Morgan Health Department guidelines.
- Students are strongly encouraged to wear facemasks on campus and in common areas when unable to maintain social distancing (6 feet).
- Students with symptoms, suspected exposure, or who are awaiting COVID-19 test results should stay home.
- Students who have been tested for COVID-19 and are awaiting results, should stay home.
- We encourage students to bring and use their own facemask if possible.
- Disposable masks will be available for those who cannot provide their own.

#### Institution Safety Precautions

- Deep cleaning will be performed in all areas prior to May 18, 2020.
- Daily cleaning will occur throughout the day and after all student interactions with skills/labs training.
- All faculty, staff, and public must adhere to social distancing (minimum of 6 feet).
- All faculty, staff, and public must adhere to hand washing requirements.
- Staff, Faculty, and visitors with symptoms, suspected exposure, or who are awaiting COVID-19 test results should stay home.
- All faculty, staff, public, and students are strongly encouraged to wear facemasks in common areas when unable to maintain social distancing (6 feet).
- Each area will have a supply of disposable masks. Students, faculty, and staff should provide their own mask if possible. Disposable masks will be available for those who cannot provide their own.
