Title 53B State System of Higher Education

Chapter 16 Institutional Provisions

Part 2 Community Colleges

Section 205 Establishment of Branches

53B-16-205. Establishment of branches

- (1) There is established a branch of Snow College which can be transferred to any location required for associate degree programs.
- (2) Snow College shall administer the branch in accordance with Snow College's mission, policies, and procedures.
- (3) Snow College shall:
 - (a) maintain a strong curriculum for the branch which is consistent with the curriculum required for associate degree programs;
 - (b) work with school districts to provide a pathway for secondary school students particularly in rural high schools to earn college credits;
 - (c) provide, through the Snow College, a low cost tuition rate for students who are placed in the job market by the branch:
 - (i) the Juab School District;
 - (ii) the Millard School District;
 - (iii) the Tintic School District;
 - (iv) the North Sanpete School District;

• (2)(a) Provide a *a consistent two-year schedule of concurrent enrollment courses delivered through interactive video conferencing to secondary school students*;

• *a pathway for a secondary school students particularly in rural high schools to earn college credits*;
