

# HEALTH EDUCATION AMENDMENTS

3HB 177  
REP. C. MOSS

## Consent

An agreement to take an action or for an action to occur that is free is freely-given, informed, knowledgeable, and given by a person who is not legally prevented from consenting because of the person's age or lack of capacity.

## Sexual Assault Resource Strategies

Tools a student can use to get help to address the physical and psychological effects of sexual assault if the student is sexually assaulted.

## Sexual Violence Behavior Prevention Education

Instruction that leads to a student understanding that no one has the right to touch an individual in a sexual manner if that individual does not want to be touched.

## Education Curricula

- Develops student's communication skills regarding boundary setting and respect for others' boundaries
- Provides information about the early signs of coercion, emotional manipulation, and grooming strategies
- Free from victim shaming
