UNIVERSITY OF UTAH

Huntsman Mental Health Institute (HMHI) **Translational Research Building**

January 31, 2022

BACKGROUND

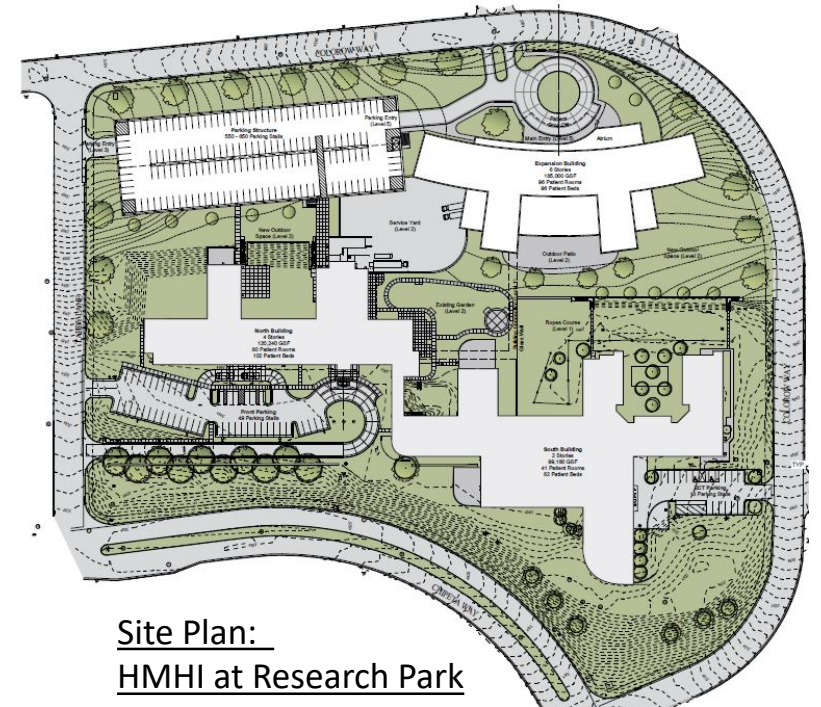

The HMHI Translational Research Building project was approved and funded by the State Legislature in 2021. The project will construct a 185,000 SF building and a 500 stall parking garage in University Research Park, to the east of the existing HMHI facility.

The facility will create an innovative, collaborative environment to solve life-threatening mental health challenges like suicide, child mental health, rural mental health, and mental health workforce shortages.

The \$155 million project will be funded by:

- \$90 million in State funding
- \$65 million in donations

The University of Utah requests approval to bond to cover donation funds that will be received over time

APPROVAL REQUEST

Request

- **The University of Utah requests approval to bond for \$65 million, to cover donation funds that will be received over time**

O&M

- **No request for State O&M**
