

A wide-angle photograph of the interior of a large, modern fairpark building. The space is filled with people, mostly families, walking through aisles lined with metal railings. In the background, several large, dark-colored animals, likely cattle or horses, are visible in pens. The building has a high ceiling with a series of long, rectangular skylights or light fixtures. The overall atmosphere is bright and open.

# UTAH STATE FAIRPARK

*Improvements*

## *Livestock Panels*

- *Replace damaged and broken panels. Eliminating the need to borrow from other facilities.*
- *Will allow for more livestock entries into the Fair.*

***\$500,000***

Panels are rusted, mismatched, damaged, and often wired together. This can create an unsafe environment for animals, owners, and Fair visitors.

A photograph of the Utah State Fairpark arena, showing its steel framework and seating tiers. A banner at the top reads "WELCOME BODEO FANS" with a "RAM" logo. In the foreground, a bronze statue of a cowboy on a horse is visible. The image has a dark blue overlay.
