

HB 170 Student Resource Officer Funding

THE PROBLEM

Safety in Utah Schools Matters

2 Hunter High football players killed, 1 injured in West Valley shooting

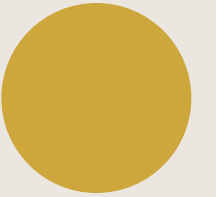

2 students from Bear River High arrested, 8 Box Elder schools reopen after threats

Two shooting threats, bomb threat leads to school closures in Box Elder County

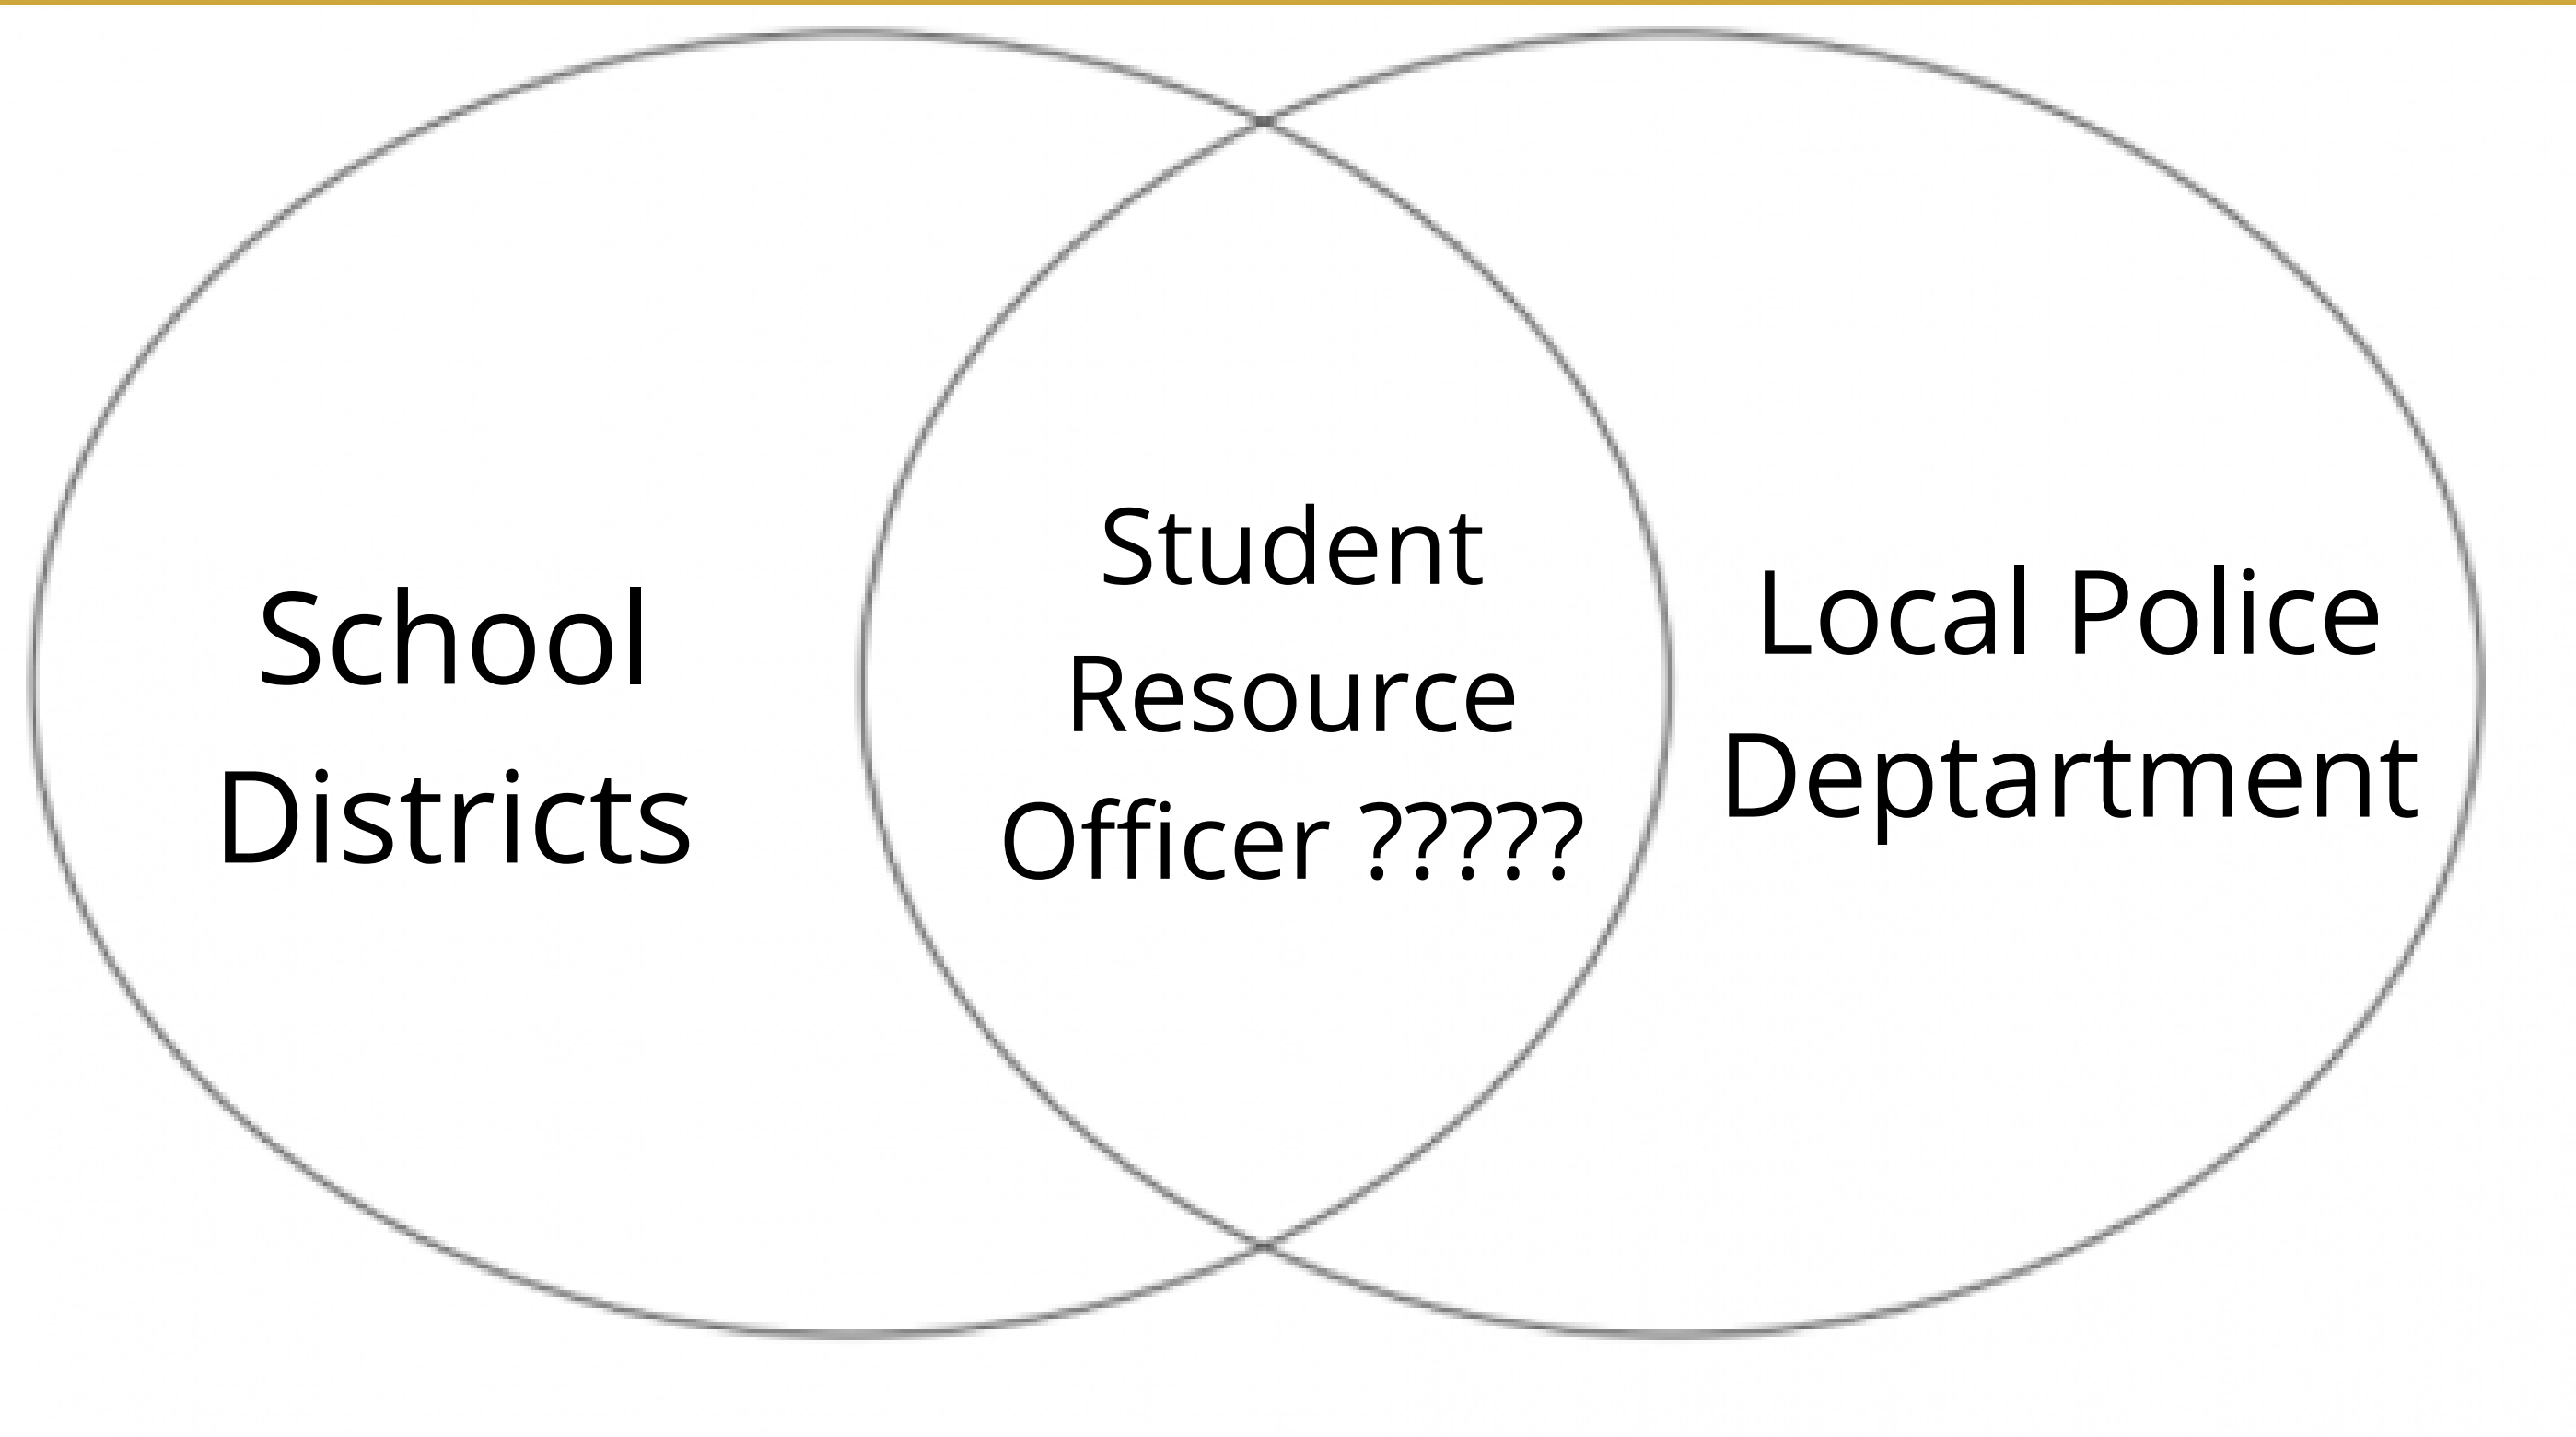

Drug operation hit nearly every high school in Salt Lake Valley, police say

School delayed at Logan High School after bomb threat intended to be 'humorous,' police say

How Do We Address Safety In Schools?

How to fund????

How are we supposed
to afford SROs? We can
barely afford
classroom essentials!

**How are we
supposed to pay for
every police officer
let alone in all the
schools?**

THE SOLUTION

**HB 170 allows school districts to have a
specific tax levy to fund
Student Resource Officers:**

- **Requires Truth in Taxation**
- **Optional for districts to use or not**
- **Transparent & Accountable**
- **Funds can be used for their own SROs or
to partner with local law enforcement**

**For the price of a
Double Quarter
Pounder Meal and
Regular Oreo
McFlurry, we can
fund SRO's!**

THANKS!
