

Utah Ethnic Studies

Students engage in learning when their culture and heritage are represented and included in the curriculum.

The Utah Ethnic Studies Coalition consists of educators, parents, and researchers advocating to ***incorporate Ethnic Studies into the Utah State Standards for K-12 students.***

In Utah, *Ethnic Studies*:

- Honors the heritage and hard work of our historic and modern-day people by teaching the stories of all who call Utah home
- Strengthens the skills of Utah students so they can serve and work successfully within Utah, the U.S., and abroad
- Implements the criteria of the Utah State Board of Education "Portrait of a Graduate"
- Prepares our youth from every corner of the state to compete locally in the nation's fastest growing 21st Century economy
- Fosters health and wellness of Utah youth from all backgrounds
- Provides opportunities for all students to establish meaningful interactions and relationships across cultures
- Improves student engagement and learning across the curriculum
- Increases academic success and graduation rates for students of color and ethnic student groups
