## New Grants

<b>Agriculture and Food</b>	UTG-220517010-aa	Highly Pathogenic Avian Influenza Emergency for FY 2022	USDA-APHIS	\$72,268	\$0	\$0	4/1/2022 - 6/30/2022	0%	N	0	Submitted	1	SHAA	New
	Description and Purpose of Grant:	On April 22, 2022, Highly Pathogenic Avian Influenza was confirmed on a commercial egg-layer facility with approximately 1.4 million birds. No other commercial facilities are located within the control area, but there are backyard poultry flocks. The facility will be depopulated and disposed of at the Cache County Landfill. This grants funds the supplies and contractual equipment for this process.												
<b>Agriculture and Food</b>	UTG-220607010-aa	UT-FY22 Farmed Cervid DWD Management and Response Activities	Animal and Plant Health Inspection Service	\$33,000	\$0	\$0	10/1/2022 - 9/30/2023	0%	N	0	Submitted	1	SHAA	New
	Description and Purpose of Grant:	When elk are imported into Utah, exported, or moved within the state, brand inspectors record the identification of each elk and then provide that information to the domestic elk program. These inspections are often done during the loading or unloading process, and brand inspectors currently rely on records provided by elk facility owners for RFID tag or Canadian metal tag numbers. While several brand inspectors have been trained on the use of RFID readers and the Allflex eList app, there is not a way to seamlessly transfer the tag numbers from the wand or app into the mobile brands application. This requires re-typing of the information into the brands application, which can cause errors in entry. In addition, the information from the brand inspections must then be manually entered into USAHerd to update facility inventory information. New modules for the brands mobile application and USAHerd will allow this data to seamlessly flow from the field to the USAHerd program, reducing staff time and improving traceability.												
<b>Agriculture and Food</b>	UTG-220804010-aa	Market News Service 2023	USDA	\$12,500	\$0	\$0	10/1/2021 - 9/30/2023	0%	N	0	Submitted	1	SHAA	New
	Description and Purpose of Grant:	Utah Department of Agriculture and Food used to fund a part time employee to sit at our livestock auctions and create real time market reports for the public. When that person retired, we did not continue to fund an employee. Instead, we asked if the auctions had someone that could volunteer to do these reports and we would publish them. Three of the auctions have been actively submitting reports to our office. These reports are verified and audited by USDA. USDA trains these volunteers as well. This grant provides the funds to cover the costs of training such as travel, meals, and time of the volunteers. It also covers the cost of some of my time to oversee and administer this work. This upcoming year, we will be sending the volunteers to an out of state training provided by USDA and the \$12,500 will be used to cover their time and travel expenses. This grant provides the means to qualify livestock auction volunteers for the purpose of providing a weekly market report.												
<b>Corrections</b>	UTG-220608010-ac	BJA FY22 Improving Substance Use Disorder Treatment and Recovery Outcomes for Adults in Reentry	Bureau of Justice Assistance	\$145,125	\$0	\$0	10/1/2022 - 9/30/2025	10%	N	0	Submitted	3		New
	Description and Purpose of Grant:	To identify women with substance abuse and provide then programming inside the prison through the Excell substance abuse program, providing care, skill building, interactive and family interaction. Aftercare will be given at one of the Community Center providing aftercare, more family involvement, social, and community intervention. Partners will be used to provide aftercare treatment.

	Description and Purpose of Grant:	The Section 5310 program provides financial assistance for capital and operating projects that are public transportation projects planned, designed, and carried out to meet the special needs of seniors and individuals with disabilities when public transportation is insufficient, inappropriate, or unavailable.												
Transportation	UTG-220808010-ab	FFY 2021 5339 Bus and Bus Facilities Formula Grant (partial)	Federal Transit Administration	\$539,990	\$0	\$134,998	1/15/2023 - 2/28/2024	100%	N	0	Submitted	2		New
	Description and Purpose of Grant:	The purpose of the 5339 Grants for Bus and Bus Facilities program is to assist in the financing of buses and bus facility capital projects, including replacing, rehabilitating, purchasing or leasing buses or related equipment, and rehabilitating, purchasing, constructing or leasing bus-related facilities.												
Transportation	UTG-220617020-aa	Utah's Patchwork Parkway's Interpretive Signage & Kiosks Project	Federal Highway Administration	\$249,886	\$0	\$62,471	11/1/2022 - 9/1/2024	0%	N	0	Submitted	1	XEAA	New
	Description and Purpose of Grant:	Utah's Patchwork Parkway's Interpretive Signage & Kiosks Project will construct nine Interpretive Kiosk facilities; replace four Byway Wayfinding/Directional metal signs; and produce printed and digital-accessible Interpretive materials. This proposed project is aligned with our CMP and Interpretive & Signage Master Plan to develop safe accessible sites to provide historical, archaeological, cultural, natural, recreational and scenic interpretive information to enhance the Traveler's experience.												
Transportation	UTG-220617040-aa	Scenic Byways Marketing Plan	Federal Highway Administration	\$200,000	\$0	\$50,000	10/1/2023 - 5/30/2024	0%	N	0	Submitted	1	XEAA	New
	Description and Purpose of Grant:	Utah receives more than 20 million domestic visitors annually, but the majority only seek out a handful of the most popular byways near Utah's five national parks. As Utah faces more pressures related to overcrowding, we see scenic byway marketing as a key opportunity to intentionally drive traffic to less-visited parts of the state, thus supporting the small communities who could use a boost from tourism dollars. The Utah Office of Tourism has ongoing, well-defined distribution channels that are ready to support more investment in scenic byways storytelling. New funds from the National Scenic Byway Program will add value by allowing us to create assets specific to showcasing scenic byways, including a planning microsite, photography and video content creation, and an updated scenic byways guide publication.
