

UTAH STATE LEGISLATURE

9/21/2022 Airport Update

TNC Operations at Salt Lake City International Airport

“How are airport interactions/management of TNCs going?”

TNC Operations at Salt Lake City International Airport

“How are airport interactions/management of TNCs going?”

- TNC's regulated by State, operate under a permit at SLC
- Permits are renewed annually for both Lyft and Uber
 - The permits outline items such as staging areas, geo fence locations, operating requirements, penalties and citations, and fees for that year.
 - We can issue citations or suspend drivers if they are non-compliant or operating in an unsafe manner.
 - **Current fee is \$3.00 per pick up and \$3.00 per drop off**
- We work with regional contacts for both Lyft and Uber (Denver/San Francisco)
 - Both companies work hard to create a better experience for customers
 - Fast to respond to our requests (inside 24 hrs.)
 - Monthly meetings operations meetings with Lyft and Uber
- TNCs handle more trip per day than any other provider at SLC, and it growing.
 - **Average trip count for August was 28,388**

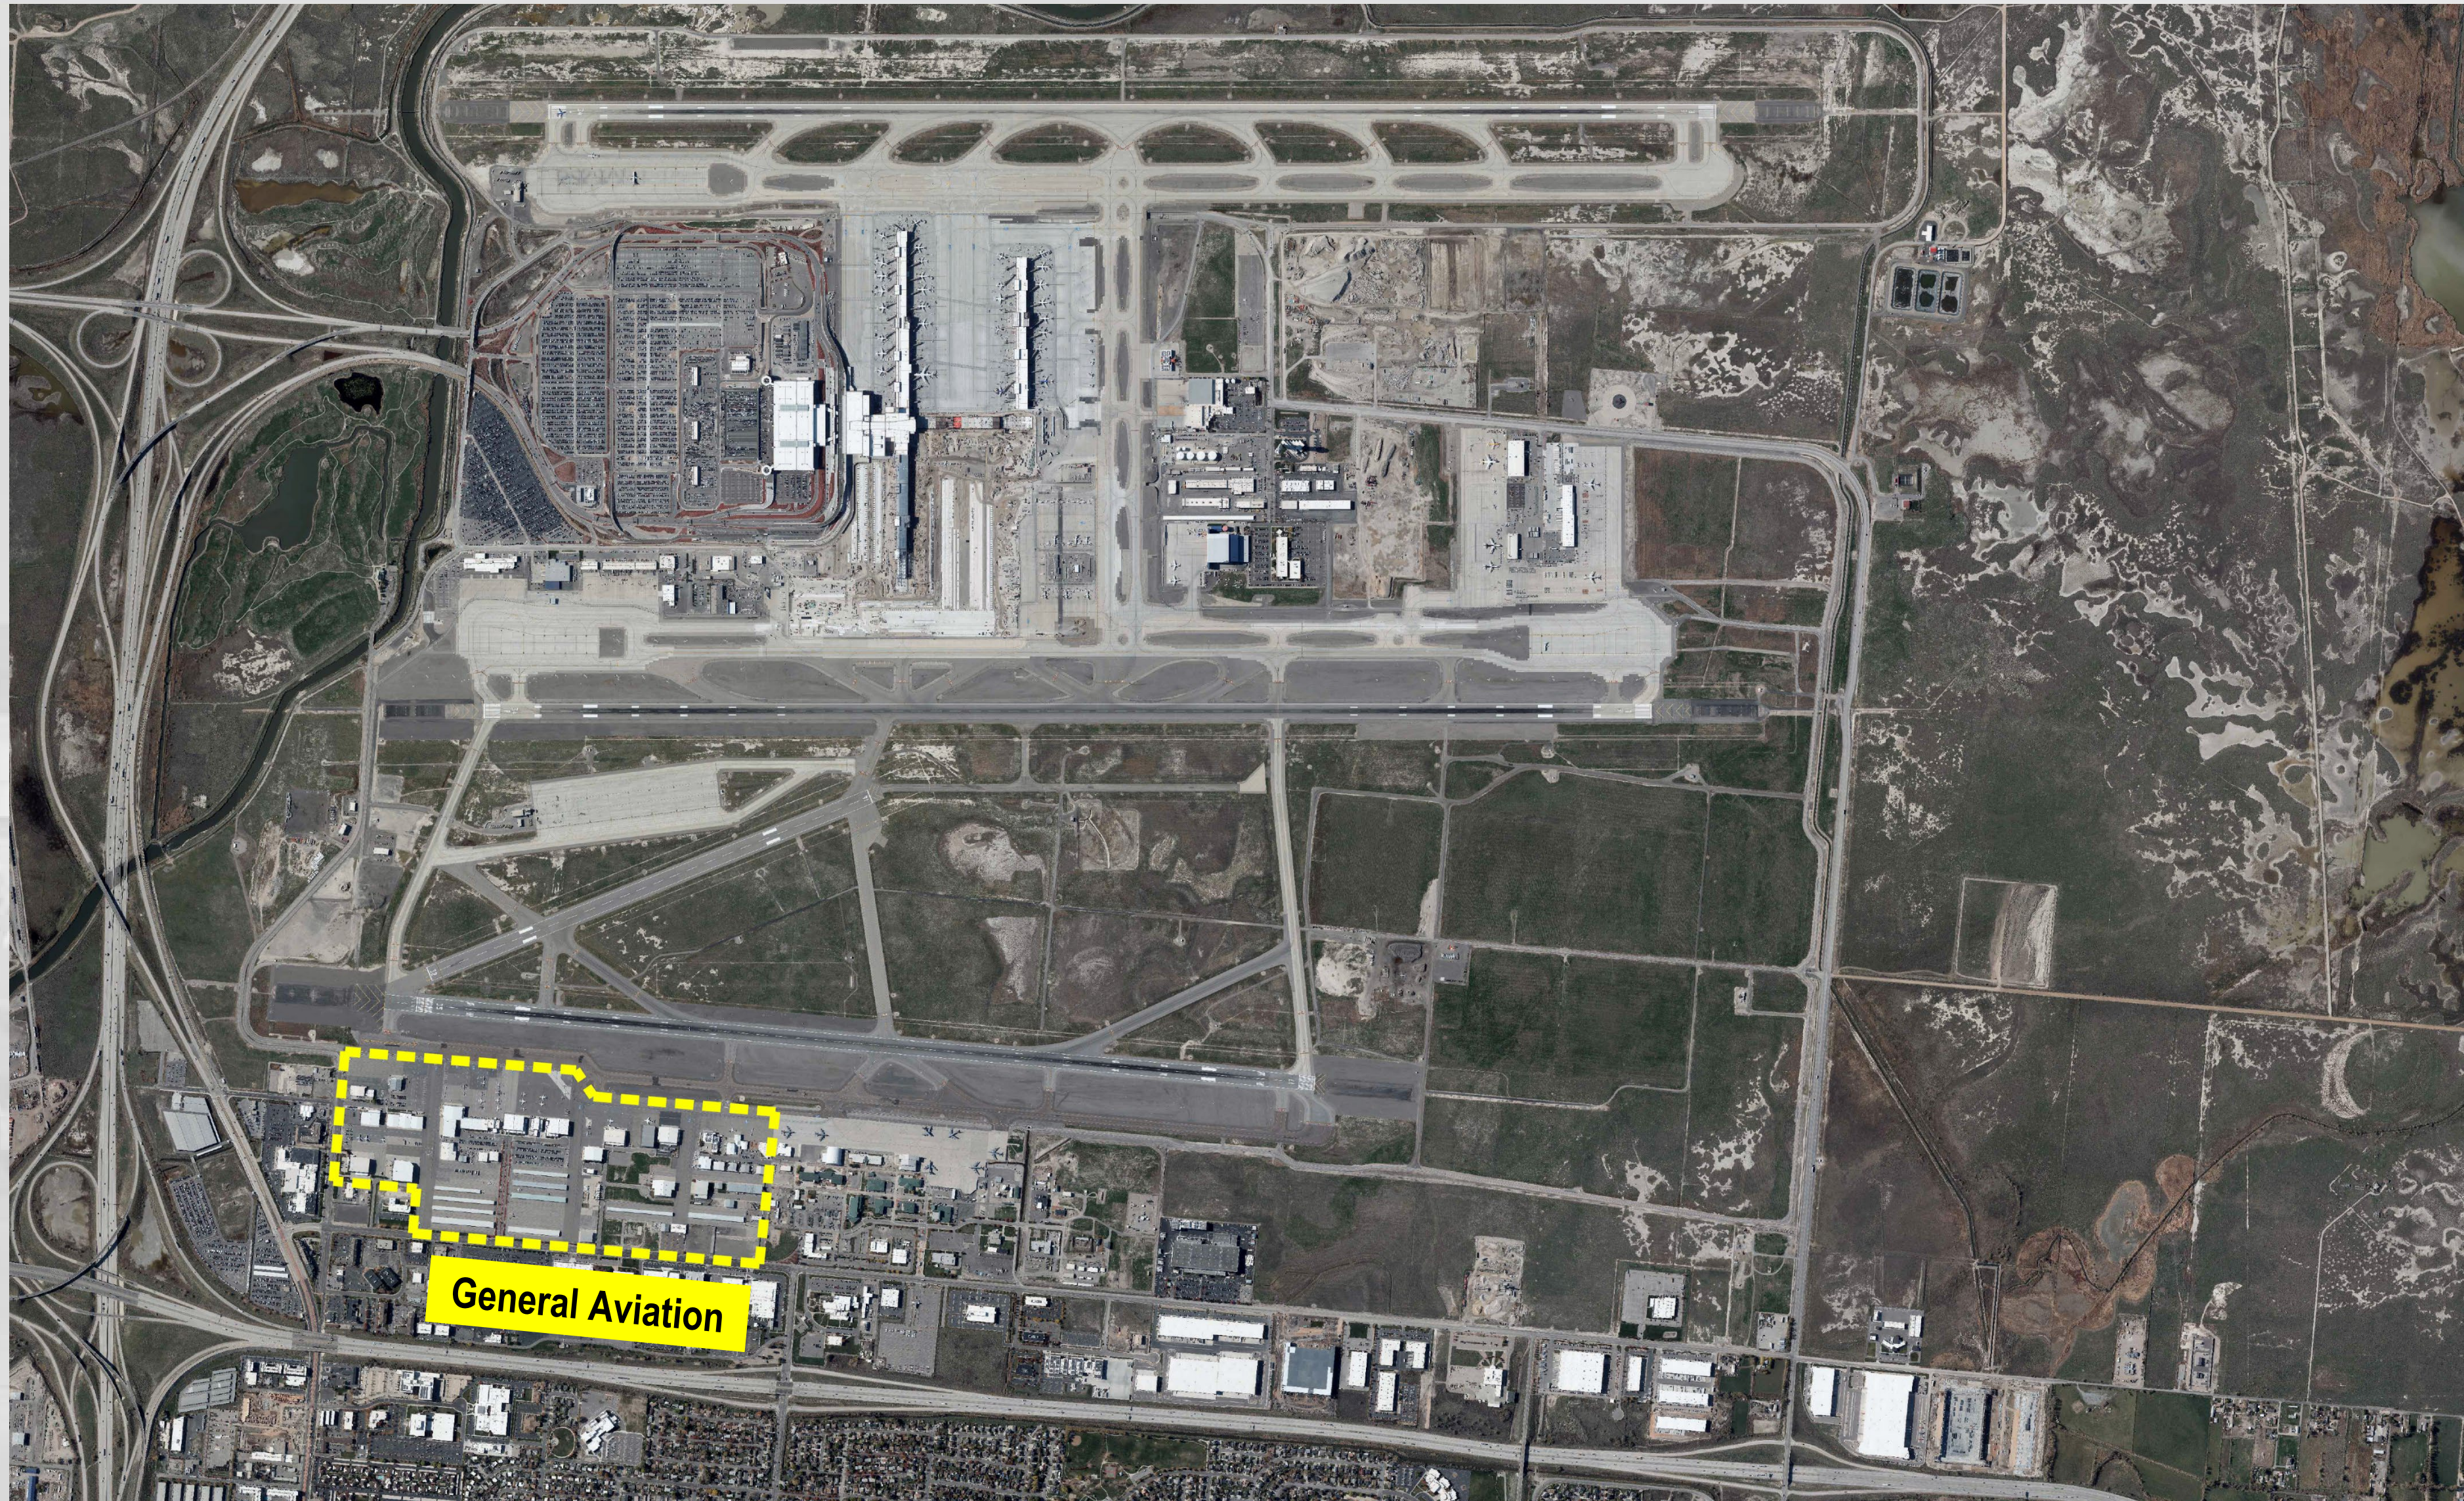

Salt Lake City International Airport – GA Development

“Is there still an effort to move more equipment to private hangars?”

General Aviation Development – Salt Lake City International Airport
