

Legislator:

Rep. Teuscher

Request Name:

Backbone Infrastructure for the Point

Description:

The appropriation will go to the revolving loan fund for the Point of the Mountain State Land Authority to be used to provide the backbone infrastructure necessary to begin development of The Point--the redevelopment of the Draper State Prison site into one of the premiere economic opportunities in Utah history. The infrastructure includes Porter Rockwell Blvd., key elements of the Loop Road, moving an electrical substation and electrical and gas lines, the River to Range parkway and trail, Central Park, and installing utilities (water, wastewater, telecom, electrical, gas). The funds will be paid back to the revolving loan fund to be used for future development at The Point.

Agency:

GOEO

Funding Amount:

\$108,000,000 – 2024 (One-time) Government
