Dear Utah Lawnmakers,

Thank you for the BTS Arts Grand

I love music class. It makes

me feel cheerful no matter what I'm

feeling. I learned that there's different

groups of instruments. My favorite

activity that we did was Beat

snare on song and story.

Sincerely, Jessica Peruvian Park

Star Utah Lumbermakers,

Thank you for the BTS Arts grant.

I love music class, it's my favorite part of the week. I've learned timing and how to play some instruments I've never heard of before. My favorite memory in this class is when we made murakas,

Sincerely,

Victor Emery

Parkview Park Elementary

Dear Utah lawmakers I love music
class. Music makes me feel
happy because I love all of
the songs we get to listen
to because they are fun to
sing. My favorite moment
in music is when I got to
go up and play guitar in
front of my class. I hope
you love music too and
keep the BTS program.

Sincerely: Ann B.
Peruvian Park elementary.

DEAJ Utah Lawmakers,
Thank you for the BTS arts grant.

Mrs. Handson's class makes me feel
like I can accomplish playing instruments.

And what I have learned is
different songs, dances, and food
from all over the world. I love
I love learning about different
cultures.

My favorite memory is when we are
learning different songs but my
favorite song that we've learned is
the Pippi Niffety.

Sincerely, Quinn

Dear Utah lawmakers, Thank you
for the BTS Arts grant,

Music makes me feel like I can
be clammy and I wouldn't be afraid to
participate in games and sing.
One thing I learned in music class is
that instruments aren't hard and any
thing is possible.

My fav memory is The ribbon
cutting ceremony with school song
Because I LOVE the school song.

Sincerely, Rhloe, 9th Peruvian

BTS

Dear, Utah Lawmakers

Thank you for the BTS Art's grant! In music I feel happy and at home. I want to be a really good dancer. Music helps me understand music counts, bass and more. Music can help me be a better dancer. So again...

THANK

YOU!

Sincerely,

MARY O'ZDUNIAK
PERUVIAN PARK 5TH GRADE

Dear Utah Lawmakers,

Thank you for the Bts Arts Grant.

Music classes makes me calm down and learn more about Music. I'm also planning to be a musician when I grow up. Something I learned at Music Classes is the history of the instruments and ~~we~~ also heard rhythms and all other kinds of cool things. My favorite memory of Music Class is when we sang a song called "Hey Jack!". It was the best song I ever heard!

Sincerely,

Peggy Wu

Dear Utah Lawmakers,

Thank you for the BTS Arts Grant
Music class is very fun. When I
come it always makes me
smile. I learn AMAZING
things like different notes and
dances. My favorite memory
was when we danced to a
Halloween song in the dark.

Sincerely,

Addy E.

Merry Christmas!

Dear Utah Lawmakers,

Thank you for the BIS Arts Grant.

I love music class so much cause you can tell a story with your instruments.

In music class I learned that you dont have to talk to express your feelings, you can use instruments. My favorite thing about music class is having fun adventure trying new types of music.

Sincerely?

Lexi

Thank you for the BTS
Arts Grant. In music
class, it helps me
learn a little bit more
about the part of
myself. Thank you
for all the money
you put into making
music class a thing.
Otherwise, I would have
not found the part
of me that loves
music.

Sincerely,
Emiko S. Elementary

Dear Utah lawmakers,

Thank you for the BTS ARTS grant. I love music class because my teacher is so nice. And I learned that music is so fun I started piano classes because of it.

Sincerely

Music class makes me feel
really good and happy I forget
about everything. Bad happening in
my life. IN music class I learned
about so many songs it helps me
understand things my favorite
memory in music is on halloween

Dear Utah Legislature,

I am a music teacher at Peruvian Park Elementary in Sandy, and am a grateful participant in the BTS Arts Program. I previously taught music as an instructional technician, but since getting my teaching license, I have been able to switch to a BTS position. The extra funding and training available to me through this program allows me to provide students with a deeper, more well-rounded education. I teach lessons that integrate music standards with core standards and social skills. Our students love arts-integrated learning, and research has shown that programs like BTS Arts increase student and parent engagement, develop improved thinking skills, and promote effective learning and lasting knowledge.

We did a lesson this year where we learned about recycling and conservation, and related that to an orchestra in Paraguay that makes their instruments from trash. Students then got to use the trash and recycling materials they had brought to make percussion instruments.
