<u>Informational Items:</u>

- Teacher team collaboration is one of the most important pillars in supporting all students to reach our Vision for Learning. The collective teacher efficacy of our teams is the factor that has the single greatest effect size on student learning. In order for our teacher teams to continue to develop their collective efficacy and support student learning, teacher teams need time built into the school week.
 For the 2023-2024 school year, all teams will collaborate for at least 90-120 minutes per week. This time is designated for flexible, teacher team directed collaboration. Virtual collaboration is acceptable, especially for blended teams. Teams are encouraged to meet in person when possible.
- HB 489 Paid Time Professional Time for Educators: For the 2023-2024 school year,
 the legislature has given school districts funds to pay contracted teachers their
 daily rate for 24 hours of preparation time and 12 hours of pay at their daily rate
 for hourly teachers. Teachers will need to submit time cards for hours worked.
 More details will follow. (The exact number of hours will be determined once the
 new salary schedule has been set.)
- Parent teacher conference guidelines, expectations, schedules and platforms will
 continue to be reviewed and adjusted as needed. Decisions made regarding the
 format and timing of these conferences should involve administration, the School
 Leadership Team, teachers, staff, the School Community Council and PTA.
- December 22, 2023 will be a flexible work day, under the direction of the supervisor.
- A joint committee including AEA, AESP and AAA representatives will be formed to look at all employee leave types and make recommendations to the negotiating teams, District Leadership Team and School Board.

- A joint committee including AEA, AESP and AAA representatives will be formed to review state code regarding Policy 4062, Policy 4135 and possible district reconfiguration guidelines.
- The district will work with AEA to provide guidelines on how the time that was designated for LETRS training will be used in the future.
- The district will provide guidelines, resources and general checklists to support our teachers and administrators with student behavior. Teachers, administrators and supervisors will be provided with training on discipline options as well as follow-up communication about what happened and any consequences given. The district will provide an electronic form that teachers can use to request extra help with behavior issues above what they have already received at the school level.
- TCH C and TCH D will be updated in alio.
- The December paycheck will now be issued on the last business day in December.
