This report addresses DHS HSEC codes: HSEC- 3.2.1, 3.2.2, 3.5.1, 3.10.1  
This report addresses SIAC Standing Information Requirements: UTSIAC-05-01

Attention: "Receipt of this information constitutes acceptance of all terms and conditions regarding its use, handling, storage, further dissemination or destruction. At a minimum, recipient acknowledges a commitment to comply with all applicable laws protecting privacy, civil rights, and civil liberties in the collection, use, analysis, retention, destruction, sharing and disclosure of information."

Handling Notice: Recipients are reminded that Utah Statewide Information and Analysis Center intelligence products may contain sensitive information meant for use primarily within the law enforcement and homeland security communities. Such products shall not be released in either written or oral form to the media, the general public, or other personnel who do not have a valid need-to-know without prior approval from an authorized Statewide Information and Analysis Center official. Unlawful dissemination of this information may adversely impact ongoing investigations, and thereby compromise law enforcement officers' safety and the safety and welfare of the public.

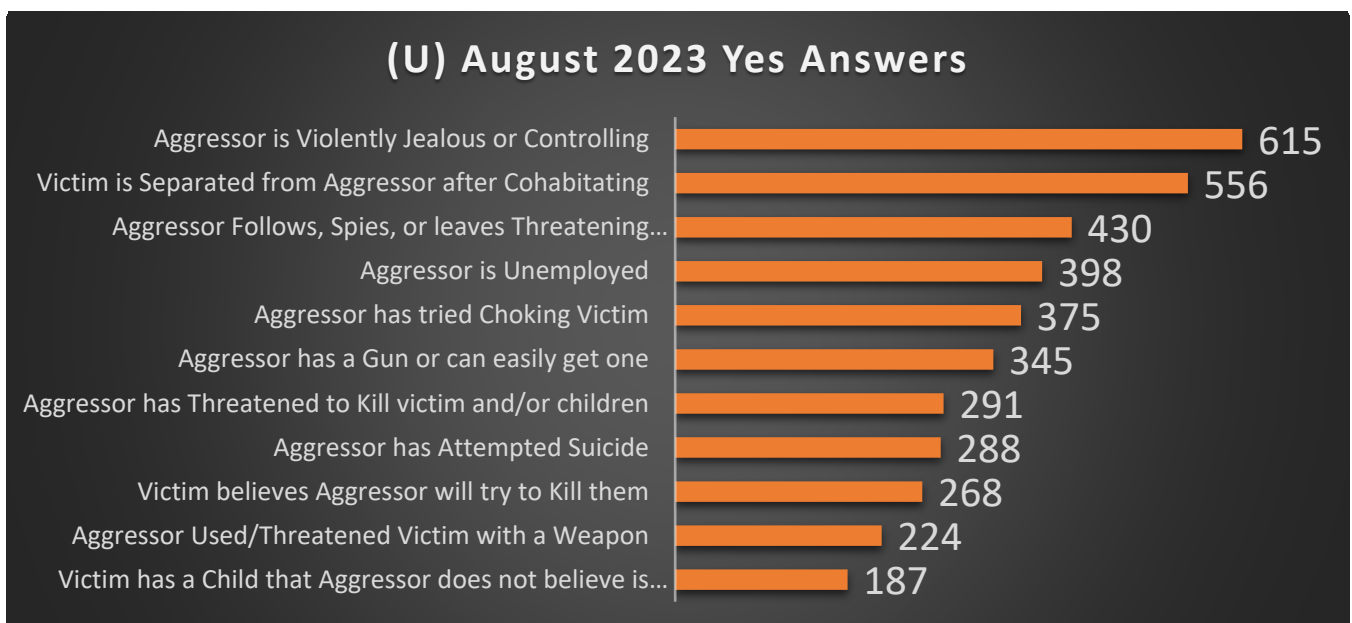

(U) The most frequent age range for both offenders and victims was 18 to 25 years old.

(U) LAPs were most frequently submitted on Thursdays and between the hours of 2100 to 2359 hrs.

		Day of the Week							
		Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	TimeofDay Totals
Time of Day (24 Hour)	0000-0259 hrs	31	21	27	21	24	19	21	164
	0300-0559 hrs	21	7	20	20	23	7	13	111
	0600-0859 hrs	13	4	8	7	10	7	11	60
	0900-1159 hrs	13	9	17	17	13	8	11	88
	1200-1459 hrs	21	14	14	16	26	10	21	122
	1500-1759 hrs	24	19	21	25	22	16	14	141
	1800-2059 hrs	17	17	17	20	30	18	13	132
	2100-2359 hrs	28	22	29	25	36	29	28	197
DayofWeek Totals		168	113	153	151	184	114	132	

(U) Per the questionnaire, victims most often reported (61%) that the aggressor is violently or constantly jealous, or controls most of the daily activities of the victim. 55% of the time victims reported that they have left or are separated from the aggressor after cohabitating or marriage.
