

TALENT READY UTAH

January 18, 2024

Vic Hockett, Associate Commissioner
Higher Education Appropriations Subcommittee

UTAH
SYSTEM OF
HIGHER
EDUCATION

Mission & Purpose

Talent Ready Utah advances the alignment of industry and education to foster the best talent ecosystem.

We engage industry, education, and government to create short-term and long-term workforce solutions aligned with industry demand.

TRU Statutory Role 53B-34-103

- a) further education and industry alignment in the state;
- b) coordinate the development of new education programs that align with industry demand;
- c) coordinate or partner with other state agencies to administer grant programs;
- d) promote the inclusion of industry partners in education;
- e) provide outreach and information to employers regarding workforce programs and initiatives;
- f) develop and analyze stackable credential programs;
- g) determine efficiencies among workforce providers;
- h) map available workforce programs focusing on programs that successfully create high-paying jobs; and
- i) support initiatives of the talent board.

Talent, Education & Industry Alignment Board

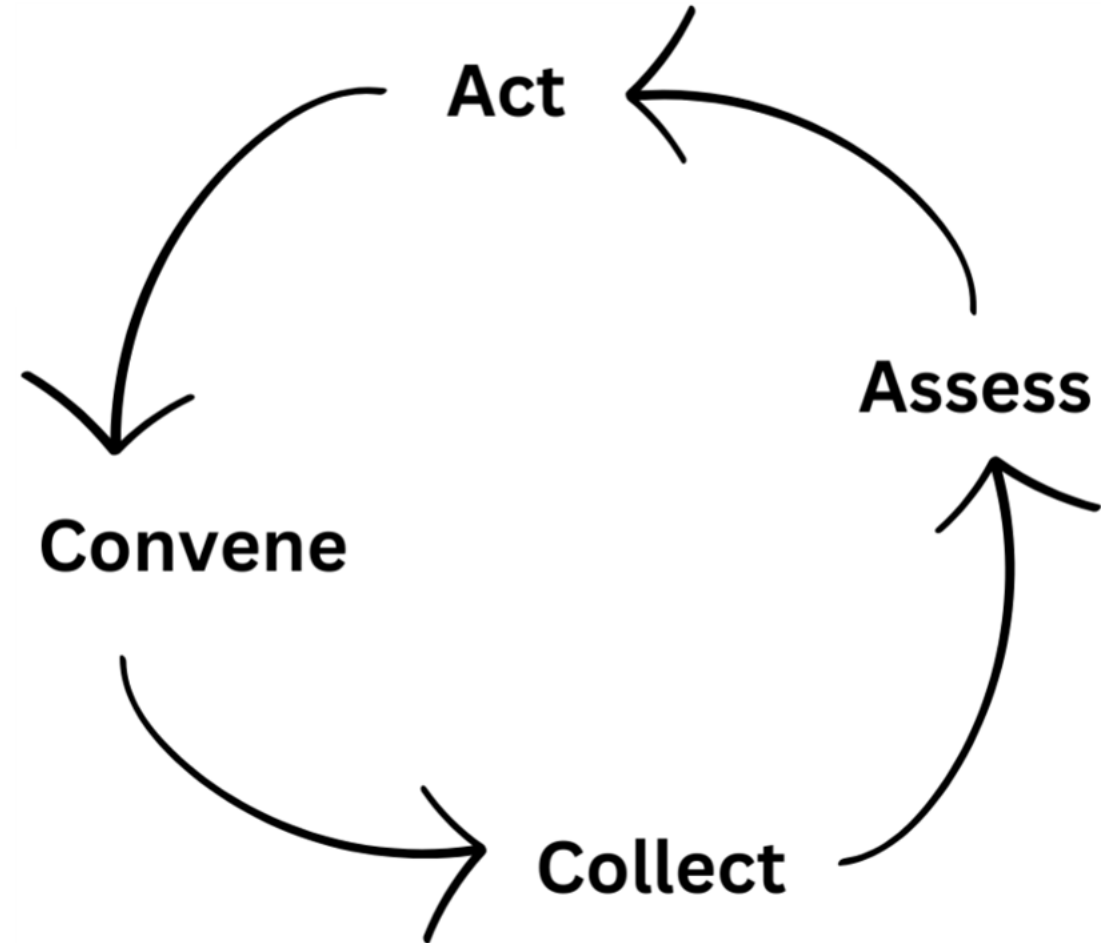

UEOC Subcommittee Methodology

Convene industry, government, education, associations, and other organizations in working groups and individual meetings.

Collect qualitative and quantitative data, including industry feedback, state job projections, enrollment, and completions.

Assess current funding streams, initiatives, and identify gaps.

Act by addressing gaps with funding and policy recommendations.

Utah Apprenticeship Expansions

Appropriations from this request will be used to create and expand new and innovative apprenticeship programs throughout the state.

All programs under this initiative must show a strong connection to skills-based learning and work-based learning models, including apprenticeships, project-based learning, and employer commitments to onboard apprentices.
