Professional Outreach Programs in the Schoo

Our ASK

A \$500,000 increase to the Fine Arts Outreach Line Item (Professional **Outreach Programs in Schools: POPS), representing an 8% ONGOING** increase for \$6.175 M as the total budget for our POPs organizations.

Each match funding 1:1. Cost of bussing, supplies, staff and travel have significantly increased in recent years. This is the first across the board increase requested in over 5 years.

This funding will provide sustainability of established outreach programs provided by POPS for Utah schools.

Our Ask Supports the Core

We are grateful to support the fine arts and to integrate content as we serve elementary and secondary schools. This funding will continue to ensure these programs thrive.

Our Commitment

To connect schools, teachers, administrators and students with high quality arts learning experiences with professional artists. POPS supports the state's core arts standards by providing arts education opportunities to all Utah schools.

Our Gratitude

We want to thank you, again, for the opportunity to share information about these programs, their needs, and plans for our services to continue and expand.
