

## Anti-Bullying Coalition – Stand4Kind OBJECTIVES, MEASURES AND DELIVERABLES

The Anti-Bullying Coalition – Stand4Kind believes every student deserves to feel like they belong and have a connection. Through teaching empathy, self-esteem, emotional wellness and kindness, we provide a way for schools to reduce suicide and bullying among students.

By ensuring access to tools and resources, we are changing the culture in schools and breaking the stigma of mental health, and creating safer environments in which children and young people can live, grow, play and learn across our state.

Since our inception in 2014, we have helped save the lives of almost 500 young people who planned to take their own lives before getting involved in our programming.

### Thanks to the support of the legislature and dozens of private donors:

- We have worked with 350 schools across Utah each year
- We have reached 380,000 students each year
- Participating schools report an increase in student's grades and attendance and a 63% decrease in office referrals

### Program Goals for 2024-25:

- Reach 300 schools representing 320,000 students
- Enroll 200,000 students in our Emotional Wellness programs

### Financial Goals for 2024

- Raise more than \$600,000 in 2024

With state assistance of \$300,000 we are confident we can reach our programming and financial goals.
