

Body Art Facility Amendments

Rep. Matthews
HB403

WHAT IT DOES:
HB403 grants the Department of Health and Human Services rulemaking authority to create statewide minimum sanitation standards for body art facilities. This bill will allow DHHS to monitor and update standards as technology evolves and best practices change to ensure consistent and safe environments across the state.

Body art facilities include:
microblading,
permanent cosmetics, tattooing,
body piercing studios, and more!
