

Latino Parent Leaders

Timpanogos Middle School

LPL Mission–Purpose

The TMS Parent Leaders are committed to support students' education; dedicated to strengthening the bridge between our school and our community. Therefore, all students are successful, achieve at high levels and are prepare for WHS.

We build relationships with families and school staff, and share our culture and traditions with everyone

We plan and implement educational and recreational events to involve and engage families in our school

We create programs that motivate students to be academically successful, such as the "Golden Ticket" and much more...

As a result, students improve their grades and have better behavior.

"TMS Latino Parent Leaders are bridges between our Hispanic community and the school."

–Yuri Jenson

It is wonderful to see parents and teachers working together! The Latino Parent Leaders have two main goals; listen to families needs and their ideas on how to create strong bonds within our school community, and help families understand the school system and the school expectations and, therefore, work in collaboration with school staff to support student academic success.
