

HB348 Utah Specie Legal

Tender Amendments

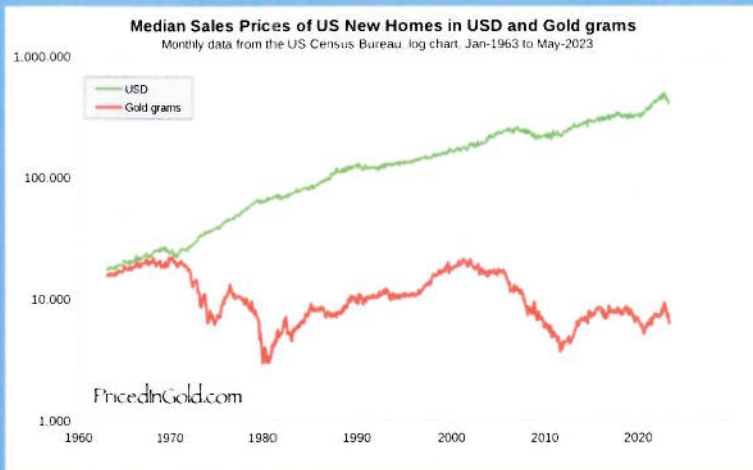

Making Real Wealth
Accessible & Functional
for Real Utahns...

NOT Just the Wealthy!

"Lenin is said to have declared that the best way to destroy the Capitalist System was to debauch the currency.... The process engages all the hidden forces of economic law on the side of destruction, and does it in a manner which not one man in a million is able to diagnose."

- John Maynard Keynes
(The Economic Consequences of the Peace)

Did You Know?

1. Utah's #1 Import is Gold (\$265M > 2x Other Commodities @ #2)
2. Utah's #1 Export is Gold (\$509M > 6x Medical Instruments @ #2)
3. Utah is the 3rd largest Gold Producer in the United States
4. Utah has some of the world's top gold refineries
5. Utah is only 1 of 4 States that have secure Brinks Vaults.

HB348 Sub 1 will assemble precious metals experts and leaders of finance, banking, investment, risk management, FinTech, mining, etc, to research and recommend the best ways to:

1. **Protect Utah/Utahns** from **Devaluation, De-monetization, and De-banking** of their earnings and savings;
2. **Foster a safe, secure, market-driven platform** for transactional/functional precious metals payment systems;
3. **Invest a Portion of Rainy Day Funds in Precious Metals.** (Gold is the best store of value for a Rainy Day ... since Noah!)

Why HB348 Matters to Real Utahns:

1. **Convenient Store of Value:** We will explore how to facilitate the average worker's ability to conveniently store some of their earnings and savings in precious metals (assets with no counterparty risk), which will hold their value over time.
2. **Insurance for a Rainy Day:** Central Banks around the world are buying gold in record amounts in light of the present and future uncertainty. HB348 would explore how the State and individual Utahns can do the same conveniently, functionally, and securely.
3. **Real Money Since the Beginning of Time:** Gold/silver have been real money (not "currency") since the beginning of recorded time. Gold/silver is traded 24/7, 365 days a year, around the world.
