Terms

| Income Tax Credit | Carryforward |
|--|---|
| An amount <u>subtracted from tax liability</u> A \$500 credit means that you have \$500 less due in tax liability Tax credits have largely replaced deductions and exemptions due to ease of administration | If a nonrefundable credit reduces tax liability to zero but the full amount of the credit was not used, then the remaining unused amount may be claimed in a future tax year The number of years the unused portion of the credit may be carried forward varies by credit. |
| Refundable A reduction of tax liability below zero, resulting in a payment or refund to the taxpayer | Acronyms •ITF = Income Tax Fund |
| Nonrefundable A reduction of tax liability and can reduce tax liability to zero if the credit is large enough. | •GF = General Fund •TF = Transportation Fund •GOEO = Governor's Office of Economic Opportunity •UHC = Utah Housing Corporation •OED = Office of Energy Development •FAGI = Federal Adjusted Gross Income |
