

**Water Quality Board Amendments**  
**2025 GENERAL SESSION**  
**STATE OF UTAH**  
**Chief Sponsor: Todd D. Weiler**

---

---

**LONG TITLE**

**General Description:**

This bill addresses the Utah Water Quality Board.

**Highlighted Provisions:**

This bill:

- establishes a process for the Utah Water Quality Board to review settlement negotiations between the director and a party in alleged violation of the Utah Water Quality Act; and
- authorizes the Utah Water Quality Board to issue a final order establishing a reasonable penalty in ongoing settlement negotiations.

**Money Appropriated in this Bill:**

None

**Other Special Clauses:**

None

*Be it enacted by the Legislature of the state of Utah:*

Section 1. Section **19-5-104** is amended to read:

**19-5-104 . Powers and duties of board.**

(1) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, the board may make rules that:

(a) taking into account Subsection (6):

(i) implement the awarding of construction loans to political subdivisions and municipal authorities under Section 11-8-2, including:

(A) requirements pertaining to applications for a loan;

(B) requirements for determination of an eligible project;

(C) requirements for determination of the costs upon which a loan is based, which

- costs may include engineering, financial, legal, and administrative expenses necessary for the construction, reconstruction, and improvement of a sewage treatment plant, including a major interceptor, collection system, or other facility appurtenant to the plant;
- (D) a priority schedule for awarding loans, in which the board may consider, in addition to water pollution control needs, any financial needs relevant, including per capita cost, in making a determination of priority; and
- (E) requirements for determination of the amount of the loan;
- (ii) implement the awarding of loans for nonpoint source projects pursuant to Section 73-10c-4.5;
- (iii) set effluent limitations and standards subject to Section 19-5-116;
- (iv) implement or effectuate the powers and duties of the board; and
- (v) protect the public health for the design, construction, operation, and maintenance of underground wastewater disposal systems, liquid scavenger operations, and vault and earthen pit privies;
- (b) govern inspection, monitoring, recordkeeping, and reporting requirements for underground injections and require permits for underground injections, to protect drinking water sources, except for wells, pits, and ponds covered by Section 40-6-5 regarding gas and oil, recognizing that underground injection endangers drinking water sources if:
- (i) injection may result in the presence of a contaminant in underground water that supplies or can reasonably be expected to supply a public water system, as defined in Section 19-4-102; and
- (ii) the presence of the contaminant may:
- (A) result in the public water system not complying with any national primary drinking water standards; or
- (B) otherwise adversely affect the health of persons;
- (c) govern sewage sludge management, including permitting, inspecting, monitoring, recordkeeping, and reporting requirements; and
- (d) notwithstanding Section 19-4-112, govern design and construction of irrigation systems that:
- (i) convey sewage treatment facility effluent of human origin in pipelines under pressure, unless contained in surface pipes wholly on private property and for agricultural purposes; and

- 66 (ii) are constructed after May 4, 1998.
- 67 (2)(a) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act,  
68 the board shall adopt and enforce rules and establish fees to cover the costs of:
- 69 (i) managing the certification and testing program; and  
70 (ii) testing for certification of operators of treatment works and sewerage systems  
71 operated by political subdivisions.
- 72 (b) In establishing certification rules under Subsection (2)(a), the board shall:
- 73 (i) base the requirements for certification on the size, treatment process type, and  
74 complexity of the treatment works and sewerage systems operated by political  
75 subdivisions;
- 76 (ii) allow operators until three years after the date of adoption of the rules to obtain  
77 initial certification;
- 78 (iii) allow a new operator one year from the date the operator is hired by a treatment  
79 plant or sewerage system or three years after the date of adoption of the rules,  
80 whichever occurs later, to obtain certification;
- 81 (iv) issue certification upon application and without testing, at a grade level  
82 comparable to the grade of current certification to operators who are currently  
83 certified under the voluntary certification plan for wastewater works operators as  
84 recognized by the board; and
- 85 (v) issue a certification upon application and without testing that is valid only at the  
86 treatment works or sewerage system where that operator is currently employed if  
87 the operator:
- 88 (A) is in charge of and responsible for the treatment works or sewerage system on  
89 March 16, 1991;
- 90 (B) has been employed at least 10 years in the operation of that treatment works or  
91 sewerage system before March 16, 1991; and
- 92 (C) demonstrates to the board the operator's capability to operate the treatment  
93 works or sewerage system at which the operator is currently employed by  
94 providing employment history and references as required by the board.
- 95 (3) The board shall:
- 96 (a) develop programs for the prevention, control, and abatement of new or existing  
97 pollution of the waters of the state;
- 98 (b) adopt, modify, or repeal standards of quality of the waters of the state and classify  
99 those waters according to their reasonable uses in the interest of the public under

conditions the board may prescribe for the prevention, control, and abatement of pollution;

- (c) give reasonable consideration in the exercise of its powers and duties to the economic impact of water pollution control on industry and agriculture;
- (d) meet the requirements of federal law related to water pollution;
- (e) establish and conduct a continuing planning process for control of water pollution, including the specification and implementation of maximum daily loads of pollutants;
- (f)(i) review total daily maximum load reports and recommendations for water quality end points and implementation strategies developed by the division before submission of the report, recommendation, or implementation strategy to the EPA;
- (ii) disapprove, approve, or approve with conditions the staff total daily maximum load recommendations; and
- (iii) provide suggestions for further consideration to the Division of Water Quality in the event a total daily maximum load strategy is rejected; ~~[and]~~
- (g) to ensure compliance with applicable statutes and regulations:
  - (i) review a settlement negotiated by the director ~~[in accordance with]~~ under Subsection 19-5-106(2)(k) that requires a civil penalty of \$25,000 or more; and
  - (ii) approve or disapprove the settlement described in Subsection (3)(g)(i) ~~[-]~~ ; and
- (h) to ensure a prompt and fair settlement under Subsection 19-5-106(2)(k):
  - (i) review an ongoing settlement negotiation between the director and an alleged violator of a provision under this chapter if:
    - (A) the alleged violator requests in writing that the board review the status of the negotiation;
    - (B) the director and the alleged violator do not dispute the violations alleged by the director; and
    - (C) the director and the alleged violator are unable to agree on a penalty amount; and
  - (ii) upon receiving a written request described in Subsection (3)(h)(i):
    - (A) schedule an informal review of the ongoing settlement negotiation for the board's next meeting occurring no sooner than 14 days after the day on which the written request is received;
    - (B) receive written submissions and exhibits from the director and the alleged violator no later than seven days before the day on which the board meets to review the ongoing settlement negotiation;

- 134           (C) issue a final order establishing a reasonable settlement amount to be paid by  
135           the alleged violator no later than 30 days after the day on which the board  
136           issues the final order; and
- 137           (D) inform the alleged violator that the alleged violator may seek judicial review  
138           of a final order described in Subsection (3)(h)(ii)(C) in accordance with Title  
139           63G, Chapter 4, Administrative Procedures Act.
- 140   (4) The board may:
- 141       (a) order the director to issue, modify, or revoke an order:
- 142           (i) prohibiting or abating discharges;
- 143           (ii)(A) requiring the construction of new treatment works or any parts of the new  
144               treatment works;
- 145           (B) requiring the modification, extension, or alteration of existing treatment works  
146               as specified by board rule or any parts of existing treatment works; or
- 147           (C) the adoption of other remedial measures to prevent, control, or abate pollution;
- 148       (iii) setting standards of water quality, classifying waters or evidencing any other  
149           determination by the board under this chapter; or
- 150       (iv) requiring compliance with this chapter and with rules made under this chapter;
- 151       (b) advise, consult, and cooperate with another agency of the state, the federal  
152           government, another state, an interstate agency, an affected group, an affected  
153           political subdivision, or affected industry to further the purposes of this chapter; or
- 154       (c) delegate the authority to issue an operating permit to a local health department.
- 155   (5) In performing the duties listed in Subsections (1) through (4), the board shall give  
156       priority to pollution that results in a hazard to the public health.
- 157   (6) The board shall take into consideration the availability of federal grants:
- 158       (a) in determining eligible project costs; and
- 159       (b) in establishing priorities pursuant to Subsection (1)(a)(i).
- 160   (7) The board may not issue, amend, renew, modify, revoke, or terminate any of the  
161       following that are subject to the authority granted to the director under Section 19-5-106:
- 162       (a) a permit;
- 163       (b) a license;
- 164       (c) a registration;
- 165       (d) a certification; or
- 166       (e) another administrative authorization made by the director.
- 167   (8) A board member may not speak or act for the board unless the board member is

authorized by a majority of a quorum of the board in a vote taken at a meeting of the board.

Section 2. Section **19-5-106** is amended to read:

**19-5-106 . Director -- Appointment -- Duties.**

- (1) The executive director shall appoint the director. The director shall serve under the administrative direction of the executive director.
- (2) The director shall:
  - (a) develop programs for the prevention, control, and abatement of new or existing pollution of the waters of the state;
  - (b) advise, consult, and cooperate with other agencies of the state, the federal government, other states and interstate agencies, and with affected groups, political subdivisions, and industries in furtherance of the purposes of this chapter;
  - (c) develop programs for the management of sewage sludge;
  - (d) subject to the provisions of this chapter, enforce rules made by the board through the issuance of orders, which orders may include:
    - (i) prohibiting or abating discharges of wastes into the waters of the state;
    - (ii) requiring the construction of new control facilities or any parts of them or the modification, extension, or alteration of existing control facilities or any parts of them, or the adoption of other remedial measures to prevent, control, or abate water pollution; or
    - (iii) prohibiting any other violation of this chapter or rules made under this chapter;
  - (e) review plans, specifications, or other data relative to pollution control systems or any part of the systems provided for in this chapter;
  - (f) issue construction or operating permits for the installation or modification of treatment works or any parts of the treatment works;
  - (g) after public notice and opportunity for public hearing, issue, continue in effect, renew, revoke, modify, or deny discharge permits under reasonable conditions the board may prescribe to:
    - (i) control the management of sewage sludge; or
    - (ii) prevent or control the discharge of pollutants, including effluent limitations for the discharge of wastes into the waters of the state;
  - (h) meet the requirements of federal law related to water pollution;
  - (i) under the direction of the executive director, represent the state in all matters pertaining to water pollution, including interstate compacts and other similar

- 202 agreements;
- 203 (j) collect and disseminate information relating to water pollution and the prevention,
- 204 control, and abatement of water pollution;
- 205 (k) subject to ~~[Subsection]~~ Subsections 19-5-104(3)(g) and (h), settle or compromise any
- 206 civil action initiated by the division to compel compliance with this chapter or the
- 207 rules made under this chapter; and
- 208 (l)(i) approve, approve in part, approve with conditions, or deny, in writing, an
- 209 application for water reuse under Title 73, Chapter 3c, Wastewater Reuse Act; and
- 210 (ii) issue an operating permit for water reuse under Title 73, Chapter 3c, Wastewater
- 211 Reuse Act.
- 212 (3) The director may:
- 213 (a) employ full-time employees as necessary to carry out the provisions of this chapter;
- 214 (b) subject to the provisions of this chapter, authorize any employee or representative of
- 215 the department to enter, at reasonable times and upon reasonable notice, in or upon
- 216 public or private property for the purposes of inspecting and investigating conditions
- 217 and plant records concerning possible water pollution;
- 218 (c) encourage, participate in, or conduct studies, investigations, research, and
- 219 demonstrations relating to water pollution and causes of water pollution as necessary
- 220 for the discharge of duties assigned under this chapter, including the establishment of
- 221 inventories of pollution sources;
- 222 (d) collect and disseminate information relating to water pollution and the prevention,
- 223 control, and abatement of water pollution;
- 224 (e) subject to the provisions of this chapter, exercise all incidental powers necessary to
- 225 carry out the purposes of this chapter, including certification to any state or federal
- 226 authorities for tax purposes only if the construction, installation, or acquisition of any
- 227 facility, land, building, machinery, equipment, or any part of them conforms with this
- 228 chapter;
- 229 (f) cooperate with any person in studies and research regarding water pollution and its
- 230 control, abatement, and prevention;
- 231 (g) encourage, participate in, or conduct studies, investigations, research, and
- 232 demonstrations relating to water pollution and causes of water pollution; or
- 233 (h) as authorized by the board and subject to the provisions of this chapter, act as
- 234 executive secretary of the board under the direction of the chairman of the board.

235 **Section 3. Effective Date.**

236    This bill takes effect on May 7, 2025.
