

Proposed Fee Changes

Natural Resources, Agriculture, & Environmental Quality Appropriations Subcommittee

2025 General
Session

Under Utah Code Annotated, Section [63J-1-504](#), agencies that intend to change any fee must provide:

- the title or purpose of the fee;
- the present amount of the fee;
- the proposed new amount of the fee;
- the percent that the fee will have increased if the Legislature approves the higher fee;
- the estimated total annual revenue and total estimated annual revenue change that will result from the changed fee;
- the account or fund into which the fee will be deposited;
- the reason for the change in the fee;
- the estimated number of persons to be charged the fee;
- the estimated agency's cost related to the fee;
- whether the fee is a service fee or a regulatory fee;
- whether the fee is intended to cover the agency's cost related to the fee;
- whether the fee agency intends to subsidize the fee to cover the agency's cost related to the fee and, if so, the fee agency's justification for the subsidy; and
- whether the fee agency set the fee at an amount that exceeds the agency's cost related to the fee and, if so, the fee agency's justification for the excess fee.

Fee amounts are required by law to reflect and be based on the agency's cost for administering the program supported by the fee.

Agencies proposing a new fee or proposing to change a fee must hold a public hearing, submit the fee schedule to the Legislature as part of the agency's annual appropriations request; and modify the fee schedule as necessary to implement the Legislature's actions.

The tables on the following pages show the proposed fee changes for:
