Who We Are

Northrop Grumman is a leading global aerospace and defense technology company delivering discriminating capabilities in military aircraft, national security space, mission and weapon systems.

Our broad and diverse portfolio continues its strong alignment to key national security priorities and encompasses platforms and mission systems that enable us to deliver integrated systems-of-systems solutions for our customers.

Driven by a shared purpose to solve our customers' toughest problems, our 100,000 employees define possible every day.

Our Values Drive Our Business

We do the right thing

We actively work to earn trust, act with ethics, integrity and transparency, treat everyone with respect, value diversity and foster safe and inclusive environments.

We do what we promise

We own the delivery of results and are focused on quality outcomes.

We commit to shared success

We work together to focus on the mission and take accountability for the sustainable success of our people, customers, shareholders, suppliers and communities.

We pioneer

With fierce curiosity, dedication, and innovation, we endeavor to solve the world's most challenging problems.

A Proven Technology and Performance Culture

At Northrop Grumman, we invest in the people, the tools and the technologies needed to deliver on our commitments. Our shared purpose drives our mission and keeps our company at the forefront of technology.
