- Stakeholders should be involved in the process.
- The process should begin during the 2025 interim.

# Goal 1:

- Determine housing programs and policies that could be streamlined or combined.

# Questions to Consider:

- What are program successes in addressing affordable housing?
- What gaps, needs, and challenges exist?
- How do agencies interact with each other?
- Should programs be consolidated? Which ones?

# Next steps:

- Stakeholders will return with specific recommendations.
- Goal 1: Which programs should be consolidated?
- Goal 2: Where should they be consolidated?
- Goal 3: Should there be a standard definition of “affordable housing?” What should that be?
